Hello Portland Elections Office-

Please see the attached complaint and supporting materials.

In case the PDF does not correctly display, here is the text of Section 3 (Complaint Summary):

"Friends of Ted Wheeler (today) posted transaction 3579438 in ORESTAR, which is a loan from the candidate to the campaign in the amount of $150,000. Per the City Charter 3-301(b)3, the maximum loan allowed is $5,000. Additionally the campaign already had more than $5,000 in outstanding loans. This contribution violates the City Charter and both the campaign and the donor should be fined. Given the likelihood that the campaign intends to expend these funds in short order to influence the election, I request an expedited review of ORESTAR and shortened timelines for the campaign to respond/correct the violation. Thank you."

I am also attaching a screen shot from ORESTAR. Please let me know if there is any additional information I can provide to assist in your review.

Thank you for all that you do for Portland's democracy
James Ofsink
