#### Individual Code Amendments

- 8. Motion to adopt code amendment 36, as modified by the Commissioner Fritz memo dated November 15, 2016:** Moved by Fritz and seconded by Hales. (Y-4; Novick absent)

Description: This section of Title 3 establishes the Community Involvement Committee. This is included in Title 3 rather than Title 33 because the Community Involvement Committee will not make land use decisions. As described in the staff report, the process of chartering the committee and selecting members will begin after the Comprehensive Plan is adopted. The Bureau of Planning and Sustainability will work in collaboration with the Office of Neighborhood Involvement, the Office of Equity and Human Rights, and the Public Involvement Advisory Council to charter, recruit and select members for the Community Involvement Committee. The Commissioner-proposed changes provide more specificity about membership, meetings, and appointments.

**9. Motion to adopt zoning code amendment 37 from the amendments memo dated November 4, 2016:** Moved by Fritz and seconded by Fish. (Y-4; Novick absent)

Description: Metro Title 1 requires cities to codify minimum residential densities in designated centers and corridors, and once established, those requirements cannot be reduced. Portland established minimum residential densities in the 1990's. Commercial/mixed use zones do not currently have any residential densities in Portland's zoning code. The recommended zoning map includes a number of parcels that will change from residential to commercial mixed use zoning. Some residential parcels are also being down-zoned. The result is that the overall regulated minimum residential density in Portland's centers and corridors is being reduced by the 36 recommended zoning map, even though total residential capacity is being increased. In order to maintain compliance with Metro Title 1, staff recommends adding minimum residential densities in commercial/mixed use zones, when residential or mixed use development is built. About ¾ of all development in commercial/mixed use zones over the past decade has included a residential component. These new requirements would not apply to projects that do not have a residential component.

**10. Motion to adopt zoning code amendment 30 from the amendments memo dated November 4, 2016:** Moved by Saltzman and seconded by Fish. (Y-4; Novick absent)

Description: Allows housing on campuses with CI2 zoning. Without this amendment campus housing would be limited to student and faculty housing.

**11. This amendment, related to FAR in the Alphabet District:**

**Motion to adopt zoning code amendment 25b from the amendments memo dated November 4, 2016 (Motion B):** Moved by Saltzman and seconded by Fish. (Y-3: Fish, Saltzman, Novick. N-2: Fritz and Hales)

Description: Reject the PSC-recommended 2:1 FAR in the northern Alphabet District, retaining 4:1 everywhere where is it currently mapped.

**12. This amendment, related to drive-through regulations:**

**Motion to adopt zoning code amendment 28b from the amendments memo dated November 4, 2016 (motion B):** Moved by Saltzman and seconded by Hales. (Y-2: Fish, Saltzman. N-3: Fritz, Novick, Hales) **Motion failed.**

Description: Option B reflects staff's August 2016 recommendation to the Planning and Sustainability Commission. It would allow new drive-through facilities and Quick Vehicle Servicing uses only in the auto-accommodating CE zone (the zoning map proposes a limited amount of CE zoning citywide). It would allow exiting facilities in the CM1, CM2, and CM3 zones

to be expanded or rebuilt. They would be prohibited in the Central City and in the new main street overlay, where existing facilities would be treated as 26 nonconforming development.

**Motion to adopt zoning code amendment 28c from the amendments memo dated November 4, 2016 (motion C):** Moved by Fritz and seconded by Hales. (Y-5)

Description: This option would prohibit new drive through facilities in all Commercial/Mixed Use zones, not just east of 80th Ave. An exception would be made for new quick vehicle servicing uses (gas stations, oil change businesses, and car washes), which would be allowed in the CE zone citywide. It would allow existing drive-through facilities to be expanded and rebuilt in CM1, CM2, CM3, and CE. All drive through facilities would be prohibited in the Central City and in the new main street overlay, where existing facilities would be treated as nonconforming development.

(Y-5)

Description: Change 5105 SE Woodstock Blvd, 5115 SE Woodstock Blvd, 5112 SE Woodstock Blvd, 6028 SE 51st Ave, and 5119 SE Martins St from R2.5 and R1 to CM2. An additional modification adds parcels associated with The Joinery and Otto's.

**Motion A to adopt directive 51 (as amended by staff 11-22-16 memo), without amendment 34:**

Moved by Fritz and seconded by Fish. (Y-1 Fritz; N-4) **Motion failed.**

Amendment #51 would direct PBOT to take the further actions regarding Transportation & Parking Demand Management. A staff-recommended modification to Directive #51 also clarifies that further changes to the off-street parking requirements will be considered with the Phase 2 TDM recommendations.

**Motion C to adopt a modified version of zoning code amendment 34, and the modified directive 51 (copies of both provided staff 11-22-16 memo):** Moved by Fish and seconded by Fritz. (Y-5)

Description: This modified version of amendment #34 would change the recommended draft to remove minimum off-street parking requirements for buildings close to frequent transit, only if they include affordable housing approved through voluntary mixed use bonuses or under future mandatory inclusionary housing requirements. This has a similar effect as Motion A, but requires a more specific exemption to enable a site-by-site quantification of the incentive. All sites that are subject to off-street parking requirements are also subject to inclusionary housing.

Amendment #51 would direct PBOT to take the following further actions regarding Transportation & Parking Demand Management. A staff-recommended modification to Directive #51 also clarifies that further changes to the off-street parking requirements will be considered with the Phase 2 TDM recommendations.

**25. Motion to adopt amendment 54, as modified by the memo from Commissioner Fritz dated November 15, 2016 and 11-22-16 handout:** Moved by Fritz and seconded by Novick. (Y-5)

Description: The amendment links the proposed Street Vacation Code more clearly with adopted Comprehensive Plan policies on Public rights-of-way (policies 8.39-8.52, pp.GP8-16 and GP8-17 of the adopted June 2016 Comprehensive Plan).

**26. Motion to adopt amendment 41 from the amendments memo dated November 4, 2016. This amendment is conditional on a related resolution supporting the new street plan being adopted by Council before December 14<sup>th</sup>, 2016:** Moved by Fish and seconded by Fritz. (Y-5)

Description: Replace the South Waterfront Street Plan map and narrative in the TSP with revised text and map to reflect recommended changes at the South Portal, which were presented to City Council on November 16<sup>th</sup>.

**27. Motion to adopt amendment 42 from the amendments memo dated November 4, 2016:** Moved by Fritz and seconded by Fish. (Y-5)

Description: Move Policy 9.50.b. from page GP9-16 of the adopted 2035 Comprehensive Plan to replace TSP Objective 9.26.a., and move Figure 9-4 from page GP9-23 to the TSP as new Table 9.2.

Figure 9-4 was placed in Chapter 9 of the Comprehensive Plan because the TSP objectives were still being developed at the time the Plan was being developed. The City is required to have identified service standards for urban services in its Comprehensive Plan, and they must be consistent with those adopted by Metro. These are characterized as interim standards because the intent expressed in Policy 9.49 and 9.50 is to replace these standards with multimodal performance measures in the future. This evaluation standard and table are more appropriately located in the TSP, which contains similar performance and evaluation measures.

**28. This amendment, related to Hayden Island Bike Classifications.**

**Motion to (a) adopt amendment 38 from the amendments memo dated November 4, 2016 and (b) also remove the City Bikeway segment that passes through the manufactured Home Park on the north shore of the island:** Moved by Hales and seconded by Saltzman.

**Other Directives**

**30. Motion to adopt amendment 52 from the amendments memo dated November 4, 2016:** Moved by Fritz and seconded by Saltzman. (Y-5)

Description: Direct BPS to study the “f” overlay area along Skyline to determine if the overlay is still necessary, and if it should be retained, modified, or removed. Bring recommendations back to Council in 2018.
