My name is Tommy J Johnson. I own 5222 SE 17<sup>th</sup> Ave., Portland OR and have for almost 30 years. I bought it then at high residential and want it to stay at the high residential . Especially with all the new apartments going up around my street. Just in the back of me 5205 SE 18th Ave the guy is building a 60 ft 60 unit apartments.

I don't know much about the other parts of town, but I do reckon it makes sense to me to keep me and my close neighbors at the high residential. I think at least all the houses around the new 60 unit apartment complex should stay high residential. I talked to and know the house above me 5216 17th and the duplex above that 5206 17th want to keep RH too. Well alright then I hope this letter is read and this might work.
