Subject: Amended: Map Refinement Project Testimony

To whom it may concern:

I am writing to oppose the proposed overlay removal at 2425 NW St. Helens road and 2525 WI/NW St Helens road, as outlined in the Map Refinement Project.

I am a lifelong resident of NW 33rd Avenue, and this buffer is integral to our neighborhood. The environmental buffer separates the residential Willamette Heights neighborhood and the industrial district; it filters noise and air pollution, and is also a habitat for vegetation and wildlife. Respectfully, I ask that you review the proposed zoning and mapping changes to this area, and to retain the current buffer designation.

Sincerely,
Ana Kennedy
