

①
To the Common Council
Gentlemen

Tom Committed to whom
was referred the papers relative to a
Cemetery for the City of Portland would
be glad to report as follows

That after a careful examination
of the papers they have come to
the conclusion that the block of
land known as ~~that~~ block F on the
town plat purchased of Dan H Lounsdale
and wife by Messrs Hailing Ladd & Northrop
as trustees should be enclosed by a good
and substantial fence, and that two
and one half acres of land adjoining be
purchased of Mr H Bouché & wife to be
enclosed with block F for a Cemetery,

~~and that the portion to be purchased~~
~~of Mr H Bouché & wife be laid off into~~
~~lots of ft by ft and sold at public~~
~~sale and used for private and that~~
a part of block F be cleared off
so as to be ready for use
all of which is respectfully ^{recommended}

Report of Select
Committee on Cemetery
April 22nd 1854

* In order to facilitate the removal of the buried dead from that part of the city which has been occupied as a public cemetery, I would recommend that a reasonable ~~sum~~ and necessary number of lots in the new cemetery should be so divided as to enable ^{any} persons to purchase one half part of a lot
