1) Legislation Title:

Apply for a grant from the State of Oregon Department of Environmental Quality for \$38,170.00 to allow School and Community Reuse Action Project (SCRAP) to initiate a pilot project. (Ordinance)

2) Purpose of the Proposed Legislation:

SCRAP seeks to develop a pilot project to make it easier for local businesses to donate their waste materials for creative reuse. SCRAP will provide education and a process by which Portland businesses and manufacturers can donate waste materials for reuse creatively by the community rather than deposit them into the landfill. SCRAP will provide local businesses with convenient, on-site containers, an educational presentation, pick-up and drop-off service via a biodiesel fueled van.

3) Revenue:

Will this legislation generate or reduce current or future revenue coming to the City? If so, by how much? If new revenue is generated please identify the source.

None.

4) Expense:

What are the costs to the City as a result of this legislation? What is the source of funding for the expense? (Please include costs in the current fiscal year as well as costs in future years) (If the action is related to a grant or contract please include the local contribution or match required)

This grant, if accepted by DEQ, would pass \$38,170.00 to SCRAP to fund expenses related to the project. There would be no direct cost to the City. The incidental costs are covered in the current commercial solid waste budget.

Staffing Requirements:

5) Will any positions be created, eliminated or re-classified in the current year as a result of this legislation? (If new positions are created please include whether they will be part-time, full-time, limited term or permanent positions. If the position is limited term please indicate the end of the term.)

Existing staff will be used.

6) Will positions be created or eliminated in future years as a result of this legislation?

No.

Complete the following section only if an amendment to the budget is proposed.

7) Change in Appropriations (If the accompanying ordinance amends the budget please reflect the dollar amount to be appropriated by this legislation. Include the appropriate cost elements that are to be loaded by accounting. Indicate "new" in Center Code column if new center needs to be created. Use additional space if needed.)

3. **Requested Council Date:** January 6, 2010

Consent Agenda Item: ☒ **or** **Regular Agenda Item:** ☐

Explain why this does or does not require a presentation or Council discussion:

This is the initial phase of the process for securing grant funding from the Department of Environmental Quality (DEQ). DEQ has not yet approved this applicant to receive funding. This does not represent a significant change in funding, program activities or staffing for the Bureau.

Emergency Item (answer below): ☐ **or** **Non-Emergency Item:** ☒

If emergency, why does this need to take effect immediately:

4. History of Agenda Item/Background:

In April 2006, the City of Portland Council passed Resolution No. 36423 establishing goals for the solid waste and recycling system, including a 75% recycling rate by 2015.

The Department of Environmental Quality offers grants to local jurisdictions to encourage recycling and waste prevention. This grant will allow SCRAP to expand their sustainable practices. This will increase diversion that will positively affect our overall recycling goals.

5. Purpose of Agenda Item:

The ordinance will allow the Bureau of Planning and Sustainability to apply for a grant to pass \$38,170.00 of the Department of Environmental Quality grant funds to PSU for their project. There will be no financial impact for the City.

6. Legal Issues:

None.

7. What individuals or groups are or would be opposed to this ordinance? Supportive?

Opposed: None.

8. How Does This Relate to Current City Policies?

The grant funding available from DEQ allows businesses, community organizations and local government agencies to provide ongoing recycling and waste prevention programs and services to residents and businesses in Portland. These programs and services are critical to meeting higher recycling goals established by City Council in the adoption of the Portland Recycles! Plan in 2007-08. Achieving greater waste prevention and recycling is also a critical component of the Climate Action Plan recently adopted by Council.

9. Community Participation:

None.

10. Other Government Participation:

DEQ is the source of the funding and provides similar grants to other local governments in the region.

11. Financial Impact:

None.
