

ORDINANCE NO. 183503

Authorize Intergovernmental Agreement with Metro to accept funding for the Green Development Resource Center (Ordinance)

The City of Portland ordains:

Section 1. The Council finds that:

1. In 2000, Commissioner Dan Saltzman created the Green Building Program within the City's Office of Sustainable Development (OSD) to develop a City green building policy and to provide technical assistance, resources, and training to Portland's building industry and residents.
2. Green building practices help to reduce waste, improve energy efficiency, reduce carbon emissions, manage stormwater on-site, conserve water, reduce toxics, and improve building durability and performance.
3. Since 2000, demand for information and resources related to green development in the Portland region has grown rapidly, but because BPS is funded to provide services solely within the city of Portland, BPS currently does not have the capacity to serve as the resource for the growing regional demand for information on green development.
4. The Green Development Resource Center that is housed at BPS and funded by regional governments to provide services beyond the Portland area accelerates the spread of green building practices, waste reduction and site restoration activities, leveraging BPS's current efforts and helping to make green building practices standard throughout the Portland region.
5. Metro contributes funding to the region-wide Green Development Resource Center to provide high-quality, independent information about green building and site development practices to residents and the building community throughout the Portland metro region. Multnomah County is an in-kind contributor.

NOW THEREFORE, the Council directs:

- a. The Director of the Bureau of Planning and Sustainability and the City Auditor are hereby authorized to enter into intergovernmental agreement with Metro subject to each such agreement being approved as to form by the City Attorney, in order to accept funding for the regional Green Development Resource Center housed in the Bureau of Planning and Sustainability.
- b. The FY 2009/2010 budget is hereby amended as follows:

GRANTS FUND

Fund 217007

Business Area – PN00

Bureau Program Expenses - \$85,000

- c. . Additionally, the Director of the Bureau of Planning and Sustainability and the City Auditor are hereby authorized to enter into amendments of the intergovernmental agreements referenced in the immediately preceding directive, subject to each such amendment being approved as to form by the City Attorney.

Passed by the Council:

FEB 03 2010

Mayor Sam Adams
Alisa Kane
