BES Sewer Package No. 3

Re:

Proposal Request (PR) No. 5 Cost Proposal

### Dear Vicky and Carter:

Stacy and Witbeck, Inc. (SWI) has completed the cost proposal contained herein for Proposal Request No. 5 - BES Sewer Package No. 3. The cost proposal totals to \$3,570,763.00. Exhibit A contains Unit Price Bid List and Bid Total (2 pages) dated 02/12/2010 which substantiates the aforementioned amount. The total price for sewer work includes the necessary project supervision and support to effectively manage this portion of the Portland Streetcar Loop project sewer work.

Disadvantaged Business Enterprises (DBE) play an important role in accomplishing the sewer work. Scopes of work which include DBE firms are trucking, permanent trench paving, minor QA oversight, street sweeping, roadway sawcutting and traffic copntrol. SWI has committed to a self-imposed DBE aspirational goal of 14% for the PR No. 5 work. Further detail is provided on the attached Exhibit D1 and D2.

Exhibit B - Assumptions and Exclusions for Proposal Request No. 5 - BES Sewer Package No. 3 is also attached.

Owner provided quantities were used throughout the cost proposal and includes the removal of quantities associated with the work shown on Sheet U200 which was initial scope contained within the BES Sewer Package No. 3. SWI understands that all or a portion of this work, mainly the removal and replacement of 24" VSP and 24" RCP, respectivley, on NW 9<sup>th</sup> ave at NW Lovejoy Street may be added at a later date by way of a Change Order.

The following calandar days are required for each scope component of the work:

- Cured In Place Pipe 93 calandar days
- Mainline 290 calandar days
- Service Laterals 395 calandar days

Based on the above, SWI would request 395 calandar days as part of any future Contract Amendment to complete the work priced herein. The above durations assume concurrent work for these three (3) components of work.

Should you have any further questions and/or comments regarding this correspondence, please contact me at your earliest convenience at 503.232.6200.

Sincerely,

Stacy and Witbeck, Inc.

### **Exhibit B Assumptions and Exclusions**

### Assumptions as part of Stacy and Witbeck, Inc. Proposal Request No. 5 - BES Sewer **Package 3 Cost Estimate**

- 1. All pricing is based upon the Scope of Work as shown on Issued for Bid (IFB) documents provided by the City of Portland Bureau of Environmental Services (BES) through the Portland Bureau of Transportation dated November 2009 including IFB Submittal for Portland Streetcar Loop BES Sewer Package 3 - Special Provisions dated November 2009. Final Quantities are per URS Email dated Monday, February 1, 2010 with attached spreadsheet.
- 2. Deletion of the work shown on a revised Sheet U200 by way of hand-drawn changes as part of BES Sewer Package No. 3 as received on February 10, 2010 are not included in the PR No. 5 cost proposal. As such, Bid Item No. 44000 quantity has been deleted along with other bid item quantity reductions to reflect the deletion of the work shown on
- 3. Provision Sum amounts for Bid Item No. 3000 Permits and Bid Item No. 12000 -Contaminated Media Disposal pursuant to City of Portland Bureau of Environmental Services meeting on Friday, February 5, 2010.
- 4. Bypass Pumping Data (BPD) in spreadsheet format from City of Portland Bureau of Environmental Services dated November 2009 as part of Item No. 1 above.
- 5. All payment and performance bond costs are included for the sewer cost estimate.
- 6. Traffic control assumptions were based on Portland Bureau of Transportation Special Provisions, specifically Section 00220 - Accommodations for Public Traffic and Section 00225 - Work Zone Traffic Control which were included with the Portland Streetcar Loop BES Sewer Package 3 - Special Provisions dated November 2009.
- 7. This estimate assumes current material, labor and fuel costs. No allowance has been made for escalation.
- 8. Assumes an estimated sewer installation Notice to Proceed date of March 15, 2010 or sooner.
- Time in calendar days (CD) to complete sewer work and cured in place pipe (CIPP) to be mutually agreed to between City of Portland Bureau of Transportation and Bureau of Environmental Services, successful CIPP bidder and Stacy and Witbeck, Inc. CD durations for each component of work will ultimately become part of Special Provision Section 00180.50(d) - Contract Time to Complete Work.
- 10. Bypass pumping pricing is dependent on the ability to pump the discharge of bypass pump flows necessary to complete the work into existing combined collection system catch basins.
- 11. Most bypass pumping plans can be designed and implemented in the field with designated BES Inspectors and/or Representatives with the accepted plan submitted to BES for the record.
- 12. Portions of the CIPP Lining may be completed at night to minimize bypass pumping operations and/or traffic control.
- 13. Bid Item No. 17000 Premium for Removal of Trolley Track and ties assumes hardwood cross ties. Should creosote cross ties be encountered, disposal of them will be paid under Bid Item No. 12000 - Contaminated Media Disposal.
- 14. Bid Item No. 31000 Point Repairs assumes an average depth of 14-feet with 10-linear feet of pipe point repair up to 24-inch diameter pipe.
- 15. Bid Item No. 33000 Pipe Lining Video Inspection assumes mainline pre and post video inspection as completed by the CIPP subcontractor.
- 16. Bid Item No. 34000 Install New Tee for Service Lateral includes up to 10-linear feet of pipe and required fittings.
