

Attachment A  
Scope of Work  
Natural Resource Damages Assessment Activities  
Portland Harbor Superfund Site  
June 16, 2010

1. Continue the NRDA cooperative assessment with the City of Portland, currently focused on Restoration Planning and the development of criteria and priorities for potential restoration projects.
2. Initial planning and design of up to three natural resource damage restoration projects in the Lower Willamette.

The total budget for these activities is currently estimated by the Trustees to total in excess of \$100,000.
