

ORDINANCE No. 183943

- * Authorize Intergovernmental Agreement with Metro for maintenance of a computerized mapping system for Portland Fire & Rescue emergency response vehicles not to exceed \$25,000 (Ordinance; Contract No. 30001420)

The City of Portland ordains:

Section 1. The Council finds:

1. The City and Metropolitan Service District (Metro) find it mutually beneficial for both governments to cooperate in mapping the metropolitan area in order to enhance the prompt delivery of emergency response.
2. Portland Fire & Rescue (PF&R) has a need to have current mapping and system information available in electronic format in its emergency response apparatus.
3. Metro has the current ability and capacity to maintain the components of a mapping and data system for the City.
4. PF&R has sufficient resources in its FY 2010-11 budget to allow for these additional costs.

NOW, THEREFORE, the Council directs:

- a. The Commissioner in Charge, Auditor, and CGIS Manager are authorized to execute an Intergovernmental Agreement with Metro for the maintenance of a computerized mapping system for use in emergency response vehicles for Portland Fire & Rescue, substantially in accordance with the terms and conditions as shown in Exhibit A, attached hereto, not to exceed \$25,000, for fiscal year ending June 30, 2011.
- b. The Mayor and the Auditor are hereby authorized to draw and deliver warrants chargeable to the appropriate Portland Fire & Rescue budget, when demand is presented and approved by the proper authorities.

Section 2. The Council declares that an emergency exists because Portland Fire & Rescue has an immediate need for a computerized mapping system; therefore, this ordinance shall be in force and effect from and after its passage by the Council.

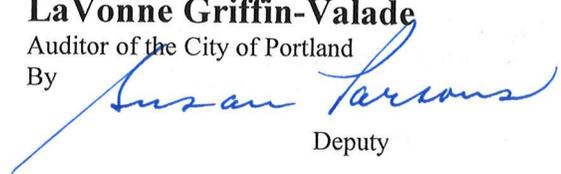

Passed by the Council: **JUN 23 2010**
