PUBLIC INVOLVEMENT

8) Was public involvement included in the development of this Council item (e.g. ordinance, resolution, or report)? Please check the appropriate box below:

☐ **YES:** Please proceed to Question #9.

☒ **NO:** Please, explain why below; and proceed to Question #10.

As a matter of course the Police Bureau Tactical Operations Division Air Support Unit would normally conduct criminal investigations and coordination of efforts when responding to incidents. Bureau personnel assigned to the Air Support Unit remain under the supervision of the Portland Police Bureau. When statutory, constitutional or decisional law of Oregon restricts investigative methods more than federal law, the investigative methods employed by Portland police officers shall conform to the requirements of Oregon law. Portland police officers may not take action or exercise authority under the agreement if the action or exercise of authority is prohibited by Oregon law.

For these reasons the bureau deems this a routine and non-controversial item that would not require public involvement.

9) If "YES," please answer the following questions:

a) What impacts are anticipated in the community from this proposed Council item?

b) Which community and business groups, under-represented groups, organizations, external government entities, and other interested parties were involved in this effort, and when and how were they involved?

c) How did public involvement shape the outcome of this Council item?

d) Who designed and implemented the public involvement related to this Council item?

e) Primary contact for more information on this public involvement process (name, title, phone, email):

10) Is any future public involvement anticipated or necessary for this Council item? Please describe why or why not.

For the same reasons identified in item eight, above, the bureau deems this a routine and non-controversial item that would not require future public involvement.

MICHAEL REESE, Chief of Police
