Play is so important
to optimal child development
that it has been recognized
by the United Nations
High Commission
for Human Rights
as a right of every child.

LETTERS OF SUPPORT

“Words cannot describe the excitement I experienced as I imagined the Center For Medically Fragile Children playing in Harper’s Playground – an inclusive playground that will enable our kids to have a typical childhood experience. I strongly believe that Harper’s Playground will transform the Portland community.”

Sharon DeLong, MS, CTRS Therapeutic Recreational Activities and Volunteer Manager
Providence Center for Medically Fragile Children

A detailed landscape architectural plan for Harper's Playground. The plan shows various play areas including a 'Climbing Wall', 'Swing Set', 'Sand Pit', and 'Water Feature'. It also includes a 'Picnic Area', 'Bike Path', and 'Walking Path'. The plan is color-coded with greens for grass and trees, and blues for water features. The title 'LETTERS OF SUPPORT' is overlaid on the plan in a light blue box.

LETTERS OF SUPPORT

"This is such a fantastic project and a great way to focus your efforts. I have a 4 year old daughter who uses a power wheelchair for her mobility, and she would absolutely love to be able to play with the kids at the park more independently. Thanks for doing this for all of us."

Drew Grabham, Portland Resident / Father
