FINANCIAL IMPACT

4) Revenue: Will this legislation generate or reduce current or future revenue coming to the City? If so, by how much? If so, please identify the source.

There will be revenues received by the City for performing repair services to the County; however the revenue source will be variable and funds are received only when services are preformed by CityFleet on County owned vehicles. Per the terms of the IGA, the County may elect to bring vehicles to City-owned repair facilities and the City would invoice the County for services rendered. The period of time for this IGA is six months in FY 2012-13 and the labor rate for CityFleet is \$95.31/ hour. The revenue would be collected in the CityFleet fund to pay for the cost of providing the repairs and any parts or services necessary to complete the requested work. This is the same rate that internal and external Fleet customers are charged for this present fiscal year.

5) Expense: What are the costs to the City related to this legislation? What is the source of funding for the expense? *(Please include costs in the current fiscal year as well as costs in future years. If the action is related to a grant or contract please include the local contribution or match required. If there is a project estimate, please identify the level of confidence.)*

There is no additional labor expenses associated with this request. CityFleet will perform the work during the six month time period at existing staffing levels. The costs of parts issued to the work order are recovered as revenue when the County is billed for services.

6) Staffing Requirements:

- Will any positions be created, eliminated or re-classified in the current year as a result of this legislation? *(If new positions are created please include whether they will be part-time, full-time, limited term, or permanent positions. If the position is limited term please indicate the end of the term.)*
- Will positions be created or eliminated in future years as a result of this legislation?

There are no positions associated with this decision.

(Complete the following section only if an amendment to the budget is proposed.)

7) Change in Appropriations *(If the accompanying ordinance amends the budget please reflect the dollar amount to be appropriated by this legislation. Include the appropriate cost elements that are to be loaded by accounting. Indicate "new" in Fund Center column if new center needs to be created. Use additional space if needed.)*
