1) Legislation Title:

* Authorize the Chief of Police to execute and amend intergovernmental agreements for Portland Police Data System (PPDS) and the successor Regional Justice Information Network (RegJIN) (Ordinance)

2) Purpose of the Proposed Legislation:

The Portland Police Data System (PPDS) is a regional information system operated by a Division of the City of Portland Bureau of Technology Services and a Division of the Portland Police Bureau Information Technology Division. It is used by criminal justice agencies throughout the region to search, input, and interact with regional criminal justice and investigatory data. Thousands of officers, investigators, managers, and support staff in many local, state, and federal agencies in Oregon and Southwest Washington, including several full partner agencies use PPDS as a shared records management system.

Executing and amending the large volume of intergovernmental agreements and amendments in support of law enforcement information sharing networks would be most efficiently performed if delegated to the Chief of Police.

6) Staffing Requirements:

- **Will any positions be created, eliminated or re-classified in the current year as a result of this legislation?** *(If new positions are created please include whether they will be part-time, full-time, limited term, or permanent positions. If the position is limited term please indicate the end of the term.)*
- **Will positions be created or eliminated in future years as a result of this legislation?**

(Complete the following section only if an amendment to the budget is proposed.)

7) Change in Appropriations *(If the accompanying ordinance amends the budget please reflect the dollar amount to be appropriated by this legislation.
