PUBLIC INVOLVEMENT

8) Was public involvement included in the development of this Council item (e.g. ordinance, resolution, or report)? Please check the appropriate box below:

- ☒ **YES:** Please proceed to Question #9.
☐ **NO:** Please, explain why below; and proceed to Question #10.

9) If "YES," please answer the following questions:

a) What impacts are anticipated in the community from this proposed Council item?

The construction of two new pump stations resulting in typical construction impacts including some noise, possible vibration, and traffic impacts. Additionally, properties currently not connected to the public sewer system will have three years to connect following completion of the pump stations.

b) Which community and business groups, under-represented groups, organizations, external government entities, and other interested parties were involved in this effort, and when and how were they involved?

The construction contracting community, including contractors certified with the State of Oregon as minority, women, and emerging small businesses. They became involved when the project advertised for bids on November 28, 2012.

c) How did public involvement shape the outcome of this Council item?

Bids received resulted in the award of the construction contract.

d) Who designed and implemented the public involvement related to this Council item?

Procurement Services advertised the project for bids and held the prebid meeting that was open to the construction contracting community, including contractors certified with the State as minority, women, and emerging small businesses.

e) Primary contact for more information on this public involvement process (name, title, phone, email):
