Erosion & Sediment Control
Special Inspection Program Checksheet

~ Please note that separate Life Safety, Structural & Soil Inspection Checksheets may also be required ~

Instructions -- This Checksheet must be fully completed to obtain your permits

=> Part B and Part C must be completed by the Owner or the owner's agent.

When complete, return to Document Services, attn: Site Development, or fax to (503) 823-5433.

Application # 09-144138-000-00-SD Date: August 4, 2009
Project Name: Powell Butte Reservoir No. 2
Site Address: 15800 SE Powell Blvd
Architect of Record (Firm): Bureau of Environmental Services Phone #
Engineer of Record (Firm): (John Hordle, PE) Phone # 503 823 7216

PART A Required Inspections

Special site conditions require that erosion and sediment control measures at the site be inspected and monitored by a qualified special inspector (PCC 10.30.030 and 10.50.040). The special inspector shall verify that all necessary erosion and sediment control measures are installed, maintained and functioning properly.

Table with 2 columns: Site Condition, Minimum Inspection Frequency. Rows include: Prior to ground disturbing activity, Active periods of ground disturbing activity, Prior to the site becoming inactive or in anticipation of site inaccessibility, Inactive periods greater than seven (7) consecutive calendar days, Following completion of ground disturbing activity and installation of permanent erosion control measures.

APPLICANT - COMPLETE PARTS B & C

PART B Designation of Erosion & Sediment Control Special Inspector

Indicate the Certified Professional in Erosion and Sediment Control (CPESC) or Professional Engineer (PE) designated to perform the required inspections in PART A above.

Brad Huard (CPESC) BES Firm Phone x3-4885

PART C This Checksheet must be signed by the Owner or Owner's Agent

The owner hereby agrees to employ the designated special inspector to perform the required inspections. (Contractors are NOT authorized to sign for the Owner)
