

ORDINANCE No. 186245

Authorize contract with BergerABAM, Inc. and provide for payment for the design and implementation of the Tryon Creek at Boones Ferry Culvert Replacement Project No. E08682 for \$607,505. (Ordinance)

The City of Portland ordains:

Section 1. The Council finds:

1. On March 8, 2006, the City Council adopted the 2005 Portland Watershed Management Plan, which describes actions necessary for improvement of watershed health in Portland. An important strategy within that Plan is aquatic enhancement for both improved hydrologic function and in-water habitat enhancement for salmonids. On May 2, 2012, Council adopted Resolution #36920, reaffirming the City's commitment to watershed health.
2. The Fanno/Tryon Water Quality and TMDL Predesign completed in 2008 by the Bureau of Environmental Services (BES) in collaboration with the Tryon Creek Watershed Council and other members of the public and agency representatives, identifies priority aquatic enhancements needed to protect and restore Tryon Creek. The culvert under SW Boones Ferry Road was identified for replacement since it obstructs fish passage and is undersized for the conveyance of storm flows.
3. BES pursued design and construction of a new culvert and a consultant selection process has been conducted in accordance with Chapter 5.68 of the Code of the City of Portland (RFP No. BES138). BergerABAM was selected to provide design services for Tryon Creek at Boones Ferry Culvert Replacement Project No. E08682. M/W/ESB participation on this contract is 14%.
4. The estimated cost is \$607,505. The cost estimate level of confidence rating is optimal. Funds are available in the Sewer System Operating Fund, FY 2013-2014 Budget, BES Project No. E08682.

NOW, THEREFORE, the Council directs:

- a. The Commissioner in Charge is authorized to execute a contract with BergerABAM, Inc., for the purpose described in Section 1, in the amount of \$607,505.
- b. The Mayor and Auditor are hereby authorized to draw and deliver warrants chargeable to the Sewer System Operating Fund Budget when demand is presented and approved by the proper authority.

Passed by the Council,
Commissioner Nick Fish
