Subject: Approval of the Budget for the City of Portland

With this memo, the Financial Planning Division conveys a package of information to aid the Council in considering changes to the Proposed Budget and moving to an Approved Budget for submittal to the Tax Supervising and Conservation Commission (TSCC). Attached to this memo are the following documents:

- **Attachment A:** A step-by-step description of the process for consideration of and deliberation on changes to the FY 2010-11 Proposed Budget at the May 26th Budget Committee meeting
- **Attachment B:** Significant adjustments to the FY 2010-11 Proposed Budget
- **Attachment C:** Summary of adjustments by business area, fund, and major object category
- **Attachment D:** Proposed Budget Notes
- **Attachment E:** Tax increment collections planned for the City's Urban Renewal Districts.

FPD will present these adjustments and budget notes to be incorporated into the Approved Budget subject to the vote of the Budget Committee on Wednesday, May 26, 2010. **Because of the short timeframe for voting on the Approved Budget, Financial Planning would appreciate receiving any contemplated amendments in advance of May 26<sup>th</sup>.** This will allow staff to be adequately prepared for Council discussion and action.

The City has requested and received an extension to the May 15th deadline for filing the Approved Budget with TSCC. The extension is to May 27th.

### Updated May 26 by Budget Committee (updates highlighted)

#### Budget Notes from Proposed Budget & Approved Budget Recommended Changes

##### Emergency Coordination Center

Beginning July of 2011, the General Fund will pay ~~the General Fund portion of~~ for POEM's ~~portion of the~~ ongoing debt service for the Emergency Communications Center. Bureaus will pay their share to the Facilities Fund through interagencies. Current appropriation level targets will be adjusted to include the General Fund share of the debt service. Ongoing operations and maintenance expenses will be included in the forecast and the appropriate amounts charged to the General Fund and the overhead model beginning fiscal year 2012-13.

##### Budget Outreach

Council directs the Office of Management and Finance to include funding for Citywide Budget Outreach in Financial Planning's ongoing appropriation in FY 2011-12.

##### Bureau of Development Services

As a first step towards funding a new online permitting system, Council directs the Bureau of Development Services to update its Five-Year Financial Plan for FY 2010-11 to FY 2014-15 to include a cost/benefit analysis of the new system and set aside sufficient resources to meet future debt service requirements. This analysis should take into account all of the bureaus that will use the new system. BDS must present the new Five-Year Financial Plan to Council, and Council must approve it, before BDS expends any additional funding for the new permitting system. The Council must separately approve of moving forward with the new permitting system before any expenditures are made or loans received. The CAO will also convene 5 to 7 people with expertise in commercial and residential real-estate, including a member of SBAC and DRAC, to take into consideration current and future development activity as it relates to BDS's ability to meet debt service requirements.

##### Bureau of Environmental Services and Portland Water Bureau

To fulfill a request by the Public Utilities Review Board, BES and Water are directed to hire a consultant to report back on best practices for the sewer/stormwater utility and water utility rate setting approval process. Total consultant contract costs should not exceed \$30,000 and should be funded with BES paying \$21,000 and Water paying \$9,000. This is a PURB request.

##### Education Scholarships

To prevent rate increases, administrative savings that accrue to the Bureau of Environmental Services and the Water Bureau as a result of FY 2010-11 reductions in internal service charges from the Office of Management and Finance shall be used to fund the portion of the Future Connect Scholars program that is related to BES and Water services.

##### Public Safety System Revitalization Project

During FY2010-11 the public safety bureaus (Police, Fire, BOEC, and POEM) along with OMF are directed to continue to refine the funding plan for the Public Safety Systems Revitalization Program (PSSRP) and report back to Council in a work session presentation. Because of the vital role the PSSRP plays in protecting the public and ensuring timely and coordinated response from the City's public safety responders, Council will give priority consideration to one-time and ongoing funding as new resources become available to the General Fund in future financial forecasts. In development of the City's FY2011-12 budget

ongoing funds of \$1.2 million, which in turn will be used to support the PSSRP financing plan, will be dedicated to the PSSRP program in order to continue progress on development and replacement of these critical public safety projects.

#### **Regional Arts & Culture Council (RACC)**

Strategic investment of \$100,000 of City funds from RACC Opportunity Grant will be redirected in FY 2010-11 to fund the Creative Advocacy Network (CAN), contingent upon CAN achieving mutually agreed upon benchmarks to draw the community closer to sustainable dedicated cultural funding.

#### **Portland Development Commission**

Council directs OMF *bring forward an ordinance allocating* ~~to allocate~~ 70% of the Large Metropolitan Area Tax Increment sharing resulting from 2009 state legislation to the Portland Development Commission's Current Appropriation Level target in FY 2011-12 through FY 2014-15, to be used for Citywide economic development purposes. The remaining 30% shall be allocated to the Portland Housing Bureau for shelter and housing development activities.

Additionally, Council directs that *OMF bring forward an ordinance allocating* an amount equal to 30% of all Business License Tax (BLT) revenue net of audit recovery above the April 2010 General Fund five-year forecast should be allocated to the Portland Development Commission for economic development purposes. These funds shall be allocated as one-time resources to PDC in the following fiscal year, starting with FY 2010-11 revenues, until the annual total reaches \$5.0 million. At that point, \$5.0 million will be added to PDC's CAL target and adjusted annually for inflation.

#### **Parks Operations and Maintenance (O&M) Funding (New for Approved)**

*Parks will receive \$100,000 of their request for \$256,515 ongoing funding for new O&M requirements in FY 2010-11. Beginning in FY 2011-12 Parks CAL target will be increased by the portion of the \$256,515 needed to fund O&M for sites that have gone into service or have been acquired as of June 30, 2011. Council directs OMF to work with the Commissioner in Charge and the Bureau of Parks and Recreation to develop a written policy describing the processes and timelines for requesting O&M for newly acquired and/or developed Parks property.*

#### **Bancroft Bond Interest and Sinking Fund (New for Approved)**

*The purpose of the Bancroft Bond Interest and Sinking Fund is to provide financing for loans to property owners to pay for local improvement district assessments, system development charges, sidewalk repair assessments and other special assessments authorized by statute or code. By January 1, 2011, the Chief Administrative Officer, in consultation with the City Auditor, shall (1) conduct an assessment of the financial condition of the fund and the adequacy of the current fund balance and future loan repayments to retire all outstanding debt service requirements; and (2) propose to Council legal provisions and management policies that will strengthen the long term health of the fund.*
