3. The Parties entered into Local Agency Agreement MC&A No. 20,975 and subsequent amendments regarding the conversion of 102nd Avenue from NE Weidler Street to SE Washington Street to an urban boulevard. ATTACHMENT NO. 2

FEDERAL STANDARD PROVISIONS

JOINT OBLIGATIONS PROJECT ADMINISTRATION

1. State (ODOT) is acting to fulfill its responsibility to the Federal Highway Administration (FHWA) by the administration of this Project, and Agency (i.e. county, city, unit of local government, or other state agency) hereby agrees that State shall have full authority to carry out this administration. If requested by Agency or if deemed necessary by State in order to meet its obligations to FHWA, State will further act for Agency in other matters pertaining to the Project. Agency shall, if necessary, appoint and direct the activities of a Citizen's Advisory Committee and/or Technical Advisory Committee, conduct a hearing and recommend the preferred alternative. State and Agency shall each assign a liaison person to coordinate activities and assure that the interests of both parties are considered during all phases of the Project.
2. Any project that uses federal funds in project development is subject to plans, specifications and estimates (PS&E) review and approval by FHWA or State acting on behalf of FHWA prior to advertisement for bid proposals, regardless of the source of funding for construction.

PRELIMINARY & CONSTRUCTION ENGINEERING

3. State, Agency, or others may perform preliminary and construction engineering. If Agency or others perform the engineering, State will monitor the work for conformance with FHWA rules and regulations. In the event that Agency elects to engage the services of a personal services consultant to perform any work covered by this Agreement, Agency and Consultant shall enter into a State reviewed and approved personal services contract process and resulting contract document. State must concur in the contract prior to beginning any work. State's personal services contracting process and resulting contract document will follow Title 23 Code of Federal Regulations (CFR) 172, Title 49 CFR 18, ORS 279A.055, the current State Administrative Rules and State Personal Services Contracting Procedures as approved by the FHWA. Such personal services contract(s) shall contain a description of the work to be performed, a project schedule, and the method of payment. Subcontracts shall contain all required provisions of Agency as outlined in the Agreement. No reimbursement shall be made using federal-aid funds for any costs incurred by Agency or its consultant prior to receiving authorization from State to proceed. Any amendments to such contract(s) also require State's approval.
4. On all construction projects where State is the signatory party to the contract, and where Agency is doing the construction engineering and project management, Agency, subject to

Agency/State
Agreement No. 27,026

any limitations imposed by state law and the Oregon Constitution, agrees to accept all responsibility, defend lawsuits, indemnify and hold State harmless, for all tort claims, contract claims, or any other lawsuit arising out of the contractor's work or Agency's supervision of the project.

REQUIRED STATEMENT FOR UNITED STATES DEPARTMENT OF TRANSPORTATION (USDOT) FINANCIAL ASSISTANCE AGREEMENT

5. If as a condition of assistance, Agency has submitted and the United States Department of Transportation (USDOT) has approved a Disadvantaged Business Enterprise Affirmative Action Program which Agency agrees to carry out, this affirmative action program is incorporated into the financial assistance agreement by reference. That program shall be treated as a legal obligation and failure to carry out its terms shall be treated as a violation of the financial assistance agreement. Upon notification from USDOT to Agency of its failure to carry out the approved program, USDOT shall impose such sanctions as noted in Title 49, CFR, Part 26, which sanctions may include termination of the agreement or other measures that may affect the ability of Agency to obtain future USDOT financial assistance.
6. **Disadvantaged Business Enterprises (DBE) Obligations.** State and its contractor agree to ensure that DBE as defined in Title 49, CFR, Part 26, have the opportunity to participate in the performance of contracts and subcontracts financed in whole or in part with federal funds. In this regard, Agency shall take all necessary and reasonable steps in accordance with Title 49, CFR, Part 26, to ensure that DBE have the opportunity to compete for and perform contracts. Neither State nor Agency and its contractors shall discriminate on the basis of race, color, national origin or sex in the award and performance of federally-assisted contracts. Agency shall carry out applicable requirements of Title 49, CFR, Part 26, in the award and administration of such contracts. Failure by Agency to carry out these requirements is a material breach of this Agreement, which may result in the termination of this contract or such other remedy as State deems appropriate.
7. The DBE Policy Statement and Obligations shall be included in all subcontracts entered into under this Agreement.
8. Agency agrees to comply with all applicable civil rights laws, rules and regulations, including Title V and Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990 (ADA), and Titles VI and VII of the Civil Rights Act of 1964.
9. A-133, Title 23, USC, Federal-Aid Highway Act; Title 41, Chapter 1, USC 51-58, Anti-Kickback Act; Title 42 USC; Uniform Relocation Assistance and Real Property Acquisition Policy Act of 1970, as amended and provisions of Federal-Aid Policy Guide (FAPG).

STATE OBLIGATIONS

PROJECT FUNDING REQUEST

10. State shall submit a Project funding request to FHWA with a request for approval of federal-aid participation in all engineering, right-of-way acquisition, eligible utility relocations and/or construction work for the Project. **No work shall proceed on any activity in which federal-aid participation is desired until such approval has been obtained.** The program shall include services to be provided by State, Agency, or others. State shall notify Agency in writing when authorization to proceed has been received from FHWA. Major responsibility for the various phases of the Project will be as outlined in the Special Provisions. All work and records of such work shall be in conformance with FHWA rules and regulations.

FINANCE

11. State shall, in the first instance, pay all reimbursable costs of the Project, submit all claims for federal-aid participation to FHWA in the normal manner and compile accurate cost accounting records. Agency may request a statement of costs to date at any time by submitting a written request. When the actual total cost of the Project has been computed, State shall furnish Agency with an itemized statement of final costs. Agency shall pay an amount which, when added to said advance deposit and federal reimbursement payment, will equal 100 percent of the final total actual cost. Any portion of deposits made in excess of the final total costs of Project, minus federal reimbursement, shall be released to Agency. The actual cost of services provided by State will be charged to the Project expenditure account(s) and will be included in the total cost of the Project.
12. If federal funds are used, State will specify the Catalog of Federal Domestic Assistance (CFDA) number in the Agreement. State will also determine and clearly state in the Agreement if recipient is a subrecipient or vendor, using criteria in Circular A-133.

PROJECT ACTIVITIES

13. State shall, if the preliminary engineering work is performed by Agency or others, review and process or approve all environmental statements, preliminary and final plans, specifications and cost estimates. State shall, if they prepare these documents, offer Agency the opportunity to review and approve the documents prior to advertising for bids.
14. The party responsible for performing preliminary engineering for the Project shall, as part of its preliminary engineering costs, obtain all Project related permits necessary for the construction of said Project. Said permits shall include, but are not limited to, access, utility, environmental, construction, and approach permits. All pre-construction permits will be obtained prior to advertisement for construction.
15. State shall prepare contract and bidding documents, advertise for bid proposals, and award all contracts.

16. Upon State's award of a construction contract, State shall perform independent assurance testing in accordance with State and FHWA Standards, process and pay all contractor progress estimates, check final quantities and costs, and oversee and provide intermittent inspection services during the construction phase of the Project.
17. State shall, as a Project expense, assign a liaison person to provide Project monitoring as needed throughout all phases of Project activities (preliminary engineering, right-of-way acquisition, and construction). The liaison shall process reimbursement for federal participation costs.

RIGHT OF WAY

18. State is responsible for proper acquisition of the necessary right of way and easements for construction and maintenance of the Project. Agency may perform acquisition of the necessary right of way and easements for construction and maintenance of the Project, provided Agency (or Agency's consultant) are qualified to do such work as required by the State's Right of Way Manual and have obtained prior approval from State's Region Right of Way office to do such work.
19. Regardless of who acquires or performs any of the right of way activities, a right of way services agreement shall be created by State's Region Right of Way office setting forth the responsibilities and activities to be accomplished by each party. State shall always be responsible for requesting project funding, coordinating certification of the right of way, and providing oversight and monitoring. Funding authorization requests for federal right of way funds must be sent through the State's Region Right of Way offices on all projects. All projects must have right of way certification coordinated through State's Region Right of Way offices (even for projects where no federal funds were used for right of way, but federal funds were used elsewhere on the Project). Agency should contact the State's Region Right of Way office for additional information or clarification.
20. State shall review all right of way activities engaged in by Agency to assure compliance with applicable laws and regulations. Agency agrees that right of way activities shall be in accord with the Uniform Relocation Assistance & Real Property Acquisition Policies Act of 1970, as amended, ORS Chapter 35, FHWA Federal-Aid Policy Guide, State's Right of Way Manual and the Code of Federal Regulations, Title 23, Part 710 and Title 49, Part 24.
21. If any real property purchased with federal-aid participation is no longer needed for the originally authorized purpose, the disposition of such property shall be subject to applicable rules and regulations, which are in effect at the time of disposition. Reimbursement to State and FHWA of the required proportionate shares of the fair market value may be required.
22. Agency insures that all Project right of way monumentation will be conducted in conformance with ORS 209.155.
23. State and Agency grants each other authority to enter onto the other's right of way for the performance of the Project.

AGENCY OBLIGATIONS

FINANCE

24. Federal funds shall be applied toward Project costs at the current federal-aid matching ratio, unless otherwise agreed and allowable by law. Agency shall be responsible for the entire match amount, unless otherwise agreed to and specified in the intergovernmental agreement.
25. Agency's estimated share and advance deposit.
- a) Agency shall, prior to commencement of the preliminary engineering and/or right of way acquisition phases, deposit with State its estimated share of each phase. Exception may be made in the case of projects where Agency has written approval from State to use in-kind contributions rather than cash to satisfy all or part of the matching funds requirement.
 - b) Agency's construction phase deposit shall be 110 percent of Agency's share of the engineer's estimate and shall be received prior to award of the construction contract. Any additional balance of the deposit, based on the actual bid must be received within forty-five (45) days of receipt of written notification by State of the final amount due, unless the contract is canceled. Any unnecessary balance of a cash deposit, based on the actual bid, will be refunded within forty-five (45) days of receipt by State of the Project sponsor's written request.
 - c) Pursuant to ORS 366.425, the advance deposit may be in the form of 1) money deposited in the State Treasury (an option where a deposit is made in the Local Government Investment Pool, and an Irrevocable Limited Power of Attorney is sent to the Highway Finance Office), or 2) an Irrevocable Letter of Credit issued by a local bank in the name of State, or 3) cash.
 - d) Agency may satisfy all or part of any matching funds requirements by use of in-kind contributions rather than cash when prior written approval has been given by State.
26. If the estimated cost exceeds the total matched federal funds available, Agency shall deposit its share of the required matching funds, plus 100 percent of all costs in excess of the total matched federal funds. Agency shall also pay 100 percent of the cost of any item in which FHWA will not participate. If Agency has not repaid any non-participating cost, future allocations of federal funds, or allocations of State Highway Trust Funds, to that Agency may be withheld to pay the non-participating costs. If State approves processes, procedures, or contract administration outside the Local Agency Guidelines that result in items being declared non-participating, those items will not result in the withholding of Agency's future allocations of federal funds or the future allocations of State Highway Trust Funds.

Agency/State
Agreement No. 27,026

27. Costs incurred by State and Agency for services performed in connection with any phase of the Project shall be charged to the Project, unless otherwise mutually agreed upon.
28. If Agency makes a written request for the cancellation of a federal-aid project; Agency shall bear 100 percent of all costs as of the date of cancellation. If State was the sole cause of the cancellation, State shall bear 100 percent of all costs incurred. If it is determined that the cancellation was caused by third parties or circumstances beyond the control of State or Agency, Agency shall bear all development costs, whether incurred by State or Agency, either directly or through contract services, and State shall bear any State administrative costs incurred. After settlement of payments, State shall deliver surveys, maps, field notes, and all other data to Agency.
29. Agency shall follow requirements of the Single Audit Act. The requirements stated in the Single Audit Act must be followed by those local governments and non-profit organizations receiving \$500,000 or more in federal funds. The Single Audit Act of 1984, PL 98-502 as amended by PL 104-156, described in "OMB CIRCULAR NO. A-133", requires local governments and non-profit organizations to obtain an audit that includes internal controls and compliance with federal laws and regulations of all federally-funded programs in which the local agency participates. The cost of this audit can be partially prorated to the federal program.
30. Agency shall make additional deposits, as needed, upon request from State. Requests for additional deposits shall be accompanied by an itemized statement of expenditures and an estimated cost to complete the Project.
31. Agency shall present invoices for 100 percent of actual costs incurred by Agency on behalf of the Project directly to State's Liaison Person for review and approval. Such invoices shall identify the Project and Agreement number, and shall itemize and explain all expenses for which reimbursement is claimed. Billings shall be presented for periods of not less than one-month duration, based on actual expenses to date. All billings received from Agency must be approved by State's Liaison Person prior to payment. Agency's actual costs eligible for federal-aid or State participation shall be those allowable under the provisions of Title 23 CFR Parts 1.11, 140 and 710. Final billings shall be submitted to State for processing within three (3) months from the end of each funding phase as follows: 1) award date of a construction contract for preliminary engineering (PE) 2) last payment for right of way acquisition and 3) third notification for construction. Partial billing (progress payment) shall be submitted to State within three (3) months from date that costs are incurred. Final billings submitted after the three months shall not be eligible for reimbursement.
32. The cost records and accounts pertaining to work covered by this Agreement are to be kept available for inspection by representatives of State and FHWA for a period of six (6) years following the date of final voucher to FHWA. Copies of such records and accounts shall be made available upon request. For real property and equipment, the retention period starts from the date of disposition (Title 49 CFR 18.42).

33. State shall request reimbursement, and Agency agrees to reimburse State, for federal-aid funds distributed to Agency if any of the following events occur:
- a) Right of way acquisition or actual construction of the facility for which preliminary engineering is undertaken is not started by the close of the tenth fiscal year following the fiscal year in which the federal-aid funds were authorized;
 - b) Right of way acquisition is undertaken utilizing federal-aid funds and actual construction is not started by the close of the twentieth fiscal year following the fiscal year in which the federal-aid funds were authorized for right of way acquisition.
 - c) Construction proceeds after the Project is determined to be ineligible for federal-aid funding (e.g., no environmental approval, lacking permits, or other reasons).
34. Agency shall maintain all Project documentation in keeping with State and FHWA standards and specifications. This shall include, but is not limited to, daily work records, quantity documentation, material invoices and quality documentation, certificates of origin, process control records, test results, and inspection records to ensure that projects are completed in conformance with approved plans and specifications.

RAILROADS

35. Agency shall follow State established policy and procedures when impacts occur on railroad property. The policy and procedures are available through State's appropriate Region contact or State's Railroad Liaison. Only those costs allowable under Title 23 CFR Part 646, subpart B and Title 23 CFR Part 140, subpart I, shall be included in the total Project costs; all other costs associated with railroad work will be at the sole expense of Agency, or others. Agency may request State, in writing, to provide railroad coordination and negotiations. However, State is under no obligation to agree to perform said duties.

UTILITIES

36. Agency shall follow State established Statutes, Policies and Procedures when impacts occur to privately or publicly-owned utilities. Only those utility relocations, which are eligible for federal-aid participation under, the FAPG, Title 23 CFR 645A, Subpart A and B, shall be included in the total Project costs; all other utility relocations shall be at the sole expense of Agency, or others.
