

ORDINANCE NO. 185751

Authorize a contract with Tetra Tech, Inc. for Laboratory Services for Cryptosporidium and Giardia Water Analysis (Ordinance)

The City of Portland ordains:

Section 1. The Council finds:

1. The City recognizes that on March 14, 2012, the Oregon Health Authority (OHA) issued its Final Order granting Portland Water Bureau's (PWB) request for a variance to the treatment requirements of the Long Term 2 Enhanced Surface Water Treatment Rule under 42 USC § 300g-4(a)(1)(B). The Bull Run Treatment Variance is subject to specific conditions specified by OHA, including the water monitoring conditions listed in the Final Order, IV(1)(a)(D) and IV(1)(b).
2. In order to comply with the water monitoring conditions of the Final Order and maintain the Bull Run Treatment Variance, the City must retain the services of an Environmental Protection Agency (EPA) approved laboratory to test intake and tributary water samples for the presence of Cryptosporidium oocysts.
3. Tetra Tech, Inc. was selected through a formal competitive request for proposal process.
4. The not-to-exceed value of this contract is \$400,000. Funding for the project is available in the FY 2012-13 Budget, and will be requested in FY 2013-14 through FY 2016-17 Budgets.
5. Tetra Tech, Inc. will be self-performing all but a small percentage of the work. Because of this, there is no Minority, Woman, or Emerging Small Business participation on this contract.

NOW, THEREFORE, the Council directs:

- a. That the Commissioner-in-Charge is authorized to execute on behalf of the City a contract with Tetra Tech, Inc. to provide laboratory services in a form substantially in accordance with the contract attached as Exhibit A.
- b. The Mayor and Auditor are hereby authorized to draw and deliver checks chargeable to the Water Fund when demand is presented and approved by the proper authorities.

Passed by the Council,

NOV 28 2012

Commissioner Leonard
Ann Richter
October 11, 2012

LaVonne Griffin-Valade
Auditor of the City of Portland
