10:10 AM

Honorable Mayor Hales & City Council

① Do you have 7/1/2011 Arborist John Buttrell Report Housing Inspector Charles Myrick requested in Agreement with my Chronic Nuisance Complaint at 4512 NE 26th to cite Ordinance/Code to Remove all vegetation/debris permanently 5' from my property line? My Attorney wants you to provide it to me immediately - copies of CODES.

② Do you have 16 pages to Mayor Adams & City Council with Charles Myrick's 7-11-11 signature 8:27 AM to receive my Arborist Report he requested? Before meeting, Supervisor Ed Merhart deleted Myrick's signature & blocked all communication with Myrick for project. Jim Field later with Myrick refused to look at my 3/4" diameter exposed roots from 4512 NE 26th running my foundations of my house and garage. Myrick studied with my contractor also overhanging my roofs.

③ 10 years of chronic nuisance complaints at 4512 NE 26th; Urban Forest Commission Dick Pugh agreed. My Attorney requested you please provide a copy of Chronic Nuisance Complaint. Will you do so immediately? Myrick said severe neglect at 4512 NE 26th beyond repair in 2011.

④ Mr. Myrick said City of Portland would hire my Arborist to remove all vegetation 5' from my property line & to have debris removed for better drainage. Mayor, will you please ask for a copy of this Ordinance for my Attorney? Mr. Joseph Porocsky PSU 725-3158 Urban Forestry Commission Board Chair said he would probono some root readings if you, Mayor will ask him. Will you please ask him? Overhanging branches running my roofs keep growing up.

⑤ Lightning has struck me 3x in my

kitchen probaly due to roots wrapping around my plumbing now. Lightning travelled up unexposed root ~~cracking~~ my house foundation from 4512 NE 26th almost killed my Service Dog Dylan in urination in h.s back yard surrounded by 4512 NE 26th meth cooks; 4503 NE 27th meth cooks; 2533 & 2535 NE Prescott meth cooks; all partners. Sgt. Kelly promised when cook in progress he would send somebody out. I left 300 messages with "no show". the meth fumes killed my Service Dog Dylan. How do I replace my \$20,000 Service Dog? For 22 years, I have trimmed branches from my side. Myrick said neglect beyond repair.

⑥ Portland Fire Department for 18 months failed to provide sniffers in my back yard during meth cooks. Will you please change rule?

⑦ 4512 NE 26th loud music, ringing my door bell late 2:30AM mornings for seven years. Winter mosquitos feeding off stagnant water & debris in winter on their South side.

⑧ Jordan Busch has repeatedly threatened me verbally; if I do not obey him he will render me incompetent. Repeatedly, he has tried when on drugs to hit me with his car. Also at Self Enhancement Inc. the director told me I would be shot if I did something they did not like; SEI is friends with 2535/2533 NE Prescott meth cooks & Jordan Busch and Suhawero of 4503 NE 27th.

⑨ Meth smoke constant for 18 months

tortured & killed my Service Dog. I repeatedly informed Police Dylan was a service Dog

(10) Mayor & City Council, will you work with us to file a Chronic Nuisance Complaint? 10/10/2012 at 1:04 PM after Police Search/Inspection at 4512 NE 26th, Brian Ellis walked out of 4512 NE 26th carrying 150 lbs. of what appeared to be marijuana which he loaded into his car. Drug Sumes make me dizzy & sick. Will you please reinstate Clean Air Act, & reinforce it between Fire Department & Police w/citizens?

(11) Chief of Police requested surveillance. I provided Mayor Adams with a map as my Attorney told me to do. All voted yes but Tripp and Seltzman. Will you please reinstate surveillance from my map for safety before Arborist Dig?

(12) I plan to donate my property with my art equipment & supplies for creative purposes to community at my demise.

(13) Enclosed is a Painter design for improved drainage between closely built houses to help save foundations & to help better drainage. Do you have a grant available on this project? Dawn Ochigama 823 0050 has ~~to~~ to return my calls.
Thank you very much, Barbara Boose

Barbara Boose
2607 NE Prescott
Portland OR
503-281-5631

STATEMENT

I observed the site on June 27, 2011 and have the following comments.

Concerns have been raised by Barbara Boose regarding the trees growing at the property on 4512 NE 26th Ave, Portland OR. The adjoining property at 2607 NE Prescott, Portland OR, is owned by Barbara Boose,. The majority of the trees and shrubs are along the North property line and a Maple tree behind the garage on the East side (the first tree listed below).

The problem is the trees and shrubs have grown to be too large for their location, have not been trimmed or maintained and are causing costly property damage. They are growing over the cedar roof at 2607 NE Prescott, decaying the wood and are clogging gutters. Flooding in her basement has also been a problem from the invasive root system and the root crown is causing the water runoff to go into her basement instead of going into the storm drains. Because the property at 4512 NE 26th is at a somewhat higher elevation, the lack of drainage has cause the bottom of the cedar fence at 2607 NE Prescott to rot. Workers do not want to set up a ladder to clean the gutters near the fence for concern it will make the fence topple. Thus the problem of the clogged gutters is exacerbated.

The trees listed below are invasive species and volunteer trees. The native trees are the Big Leaf maples which have the problem of verticillium wilt, which over time will kill the trees.

OBSERVATIONS - INVENTORY

The trees on located on the north boundary of 4512 NE 26th and are adjoining the 2607 NE Prescott property. The trees are sequential, starting at the East side and working West.

1 14" dbh Big Leaf Maple at 4512 NE 26th show signs of Verticillium wilt and branch die back. Suspect roots to be damaging the garage foundation 3' from garage with branches growing through fence next to garage East. Big Leaf has interfered with telephone line.

2 13" dbh Maple Big leaf maple show signs of verticillium wilt and branch die back and powdery mildew. Needs roof clearance overhanging cedar roof of 2607 NE Prescott and 6'

from foundation at 2607 NE Prescott and blocked out 2607 telephone power land lines for over a month in 2008. In 2010, owner had to move phone line because of more tree growth.

3 16' ht. English Laurel, untrimmed volunteer, growing into Maple # 2, and 6' from the house foundation of 2607 NE Prescott.

4 12" dbh Norway Maple, invasive species. Leaves show signs of leaf spot and powdery mildew – wet spring poor air circulation. There are several large branches growing into the roof of 4512 NE 26th and over the cedar fence into the gutters and upper roof of 2607 NE Prescott and 6 feet from the foundation of 2607 NE Prescott.

5 16" dbh Norway Maple, invasive species. Leaves show signs of leaf spot and powdery mildew – wet spring poor air circulation. Maple is growing over the roof at 4512 NE 26th and growing into the upper cedar roof and 25' high gutters at 2607 NE Prescott, and is 7' feet from foundation.

6 12" dbh Cottonwood, a problematic species in this location, also extremely fast growing and brittle. This is a volunteer species, growing into the 4512 NE 26th Ave. gutters and into 2607 NE Prescott upper cedar roof and 25' high gutter and 6' from foundation.

7 The Evergreen Privet -15' high - growing into 4512 NE 26th gutters and its roof and over fence toward 2607 NE Prescott cedar roof and 6 feet from its foundation.

8 English Laurel hedge, untrimmed, 20' high, growing into the 4512 NE 26th gutters and roof over cedar fence into 2607 NE Prescott, lower gutters and lower cedar roof and is 6' from the foundation.

9 16" dbh Norway Maple Leaves show signs of leaf spot and powdery mildew. This is a volunteer, 30' high, at West end of laurel hedge which is starting to break through the retaining wall.

RECOMMENDATION

I am recommending removal of the trees and hedges (laurel and privet). The trees and shrubs (laurel and privet) at 4512 NE 26th have caused serious damage to the adjoining property of 2607 NE Prescott because of the lack of maintenance. Proper drainage will need to be installed and repairs made to the fence, roof and gutter systems. Should tree replacements be mandated, they will need to be planted in another location because of lack of space.

Portland, OR 97211
(503) 281-5631

Dear Mr. Neil,

As a follow up to your request for me to pay you what I will appreciate you to do for me; will you please call Commissioner Nick Fish at (503) 823-3589 to reverse fraud that some Bureau of Development Services (all off-site except Jim Field of Urban Forestry) workers may have done (because they never came to my property). The only Bureau of Development Services worker who I twice in 2011 met with me is Honoring Inspector Charles Myrick at 503-823-7042. Please note, enclosed is a copy of 7-11-2011 with 8:21 AM time of Mr. Myrick's signature of receipt of Buttrill Certified Arborist report he accepted (in Agreement with Myrick findings). Mr. Myrick said his supervisor would follow through with Mr. Myrick's report; the City would hire Mr. John Buttrill to do the job and said in two weeks from receiving his report. Due to my hardships, Buttrill only asked for \$50⁰⁰ - I had that.

Mr. Myrick several months ago told me he had been transferred to SE Portland and no longer covered my area, and the matter was now private unless my Attorney will contact Commissioner Nick Fish who is also in charge of Urban Forestry (over Jim Field) to make Myrick decision good.

Enclosed copy of original July 11, 2011 (typed 7-10-2011) accepted by Charles Myrick at 8:21 AM after Lisa DiBart on July 11, 2011 dominated me with her inappropriate actions.

Lisa Dibert at 7:55 AM cornered me in their lobby and insisted Charles was not returning to work and that she was handling my case and demanded my Independent Arborist Report. Nervously concerned of her position, I surrendered Mr. Buttrill's Certified Arborist Report in Agreement with Mrs. Myrick's findings. Finally, at 8:21 AM, Charles arrived and signed for Mr. Buttrill's Report. I also explained to Charles that the flat slab of my garage is the type of foundation of my NE house corner the Big Leaf Maples will tear up-down-apart. Buttrill also identified Black Cottonwood (root an 1" wide basally) next to my foundation (pictures you have of 4' sapling I pulled. Clearly, Mr. Buttrill was in Agreement with Mrs. Myrick to pull all vegetation 5' from my property line for home insurance purposes (on 4512 NE 26th side-vegetation).

However, the following people appear to have confused this issue, and these people have never been to my property.

- ① Ed Merihart Supervisor
- ② Colleen Poole Customer Service
- ③ Lisa Dibert
- ④ Mike Liefeld
- ⑤ Joe Blando
- ⑥ Unidentified worker Charles on vacation.

For this reason, I went in front of City Council regarding Bureau of Development Services & Urban Forestry.

People who have come to meet with me at 2607 NE Prescott to study trees and bushes at 4512 NE 26th side:

- ① Charles Myrick (Horsing Inspector)
- ② Jim Field - Urban Forestry (who is just paid to do parking strips) under Nick Fish.
- ③ Dick Pugh (neighbor)

When Jim Field on July 28, 2011 came out to my property with Charles Myrick, he demanded a dig to expose more root systems. Mr. Field refused to acknowledge black cottonwood root exposed next to his foot of which you may have a picture and which I attempted to forward to Charles and to Colleen Poole. Most of my communication with Mr. Myrick was cut off in terms of phone calls (messages probably due to Risa Dibert) and e-mails (maybe Dibert); Colleen Poole only got one picture (probably due to Dibert's blocks).

After the City Council meeting, Mr. Nick Fish explained to me ~~the~~ Bureau of Development Services does not have an arborist, and (apparently) Jim Field from Urban Forestry came in without his permission. I also asked Mr. Fish about a grant (enclosed) proposed ~~Oct 7~~ ^{Oct 28} 2011 regarding root digging and sonar work under direction of Department Chair Joseph Poracsky (at PSU 503-725-3158) of Urban Forestry Commission of which my neighbor Dick Pugh

P. 4 of 13

and Reed College Arborist Stephen Peacock are members.

As a note, Mr. Myrick indicated that if Randy Leonard was Commissioner of his Bureau the situation would have been remedied. Mr. Fish impresses me as a reasonable person. (We still have not covered 3 lightning strikes from 4512 NE 26th vegetation into my North windows).

Mr. Neil Odotype that the appropriate evidence (C. Myrick 8:21 AM 7/11/2011) is clarification for what Portland City Council did not see, even though I xeroxed it for Council.

Thank you for your time,
Barbara Boose

3 Pages (2-Page Certified Arborist Report with Cover) Hand delivered to Mr. Myrick
 July 11, 2011 at time 7:55 Am and received by
 Worker Lisa D'Amico 823-7891 to be given to Mr. Myrick when he enters office
 after his vacation if he is not available to meet with Ms. Boose in person due to schedule
 conflict at time of delivery. *C. Myrick 8:24am 7-11-11*

Re: Our June 2011 meeting with Contractor Peter Schultz at my property 2607 NE
 Prescott, Portland, OR 97211 when you said City of Portland will enforce my Certified
 Arborist Report after you saw conditions at 4512 NE 26th rental owned by Jordan Busch
 causing serious damage to my adjacent property house and garage structural systems.

Dear Mr. Myrick:

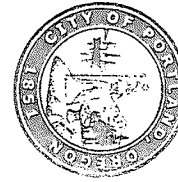

Enclosed is my Certified Arborist Report from Mr. Buttrell 2 pages numbering each
 diseased tree at 4512 NE 26th growing into 4512 NE 26th roof and gutter and now
 growing into my cedar roof and gutter systems and their growing root bundles damaging
 my foundation systems; and their untrimmed laurel hedge growing into 4512 NE 26th
 gutters and into my property for over 6 years. The Certified Arborist recommends all
 trees, bushes, and hedge next to my North property line be removed with no replacement.
 I do hope that you hire these wonderful patient people. They will do good work for you
 and me.

Will you please call me regarding this report and tell me of your follow-up? As I recall, I
 thought you say you would enforce my Arborist Report immediately by notifying Mr.
 Busch he has 14 days to do work and then City of Portland does work, correct? Will you
 please hire Mr. Buttrell, Certified Arborist? I trust him. He listens and observes.

Thank you for your time, Barbara Boose 2607 NE Prescott, Portland, OR 97211

From: Barbara Boose:

Sept. 7, 2011

2607 NE Prescott -- Portland, OR 97211 -- PH: (503) 281-5631

To: Portland City Council----- Mr. Sam Adams, Mr. Nick Fish, Mr. Dan Saltzman, Mr. Randy Leonard, Ms. Amanda Fritz, Karla Moore-Love Council Clerk:

As a follow up to our Aug. 2, 2001 meeting Mr. Matt Grumm asked me for a list of people I have worked with in City of Portland regarding intrusive trees and bushes from 4512 NE 26th.

1. Mr. Ed Marihart-by phone
2. Mr. Joe Blanco-by phone
3. Mr. Mike Liefeld-by phone
4. Colleen Poole-by phone
5. Mr. Charles Myrick-in person at my property twice *
- #6 = corrected 3/18/2012 → 6. Lisa Dibert ^{BB} ~~by phone~~ (in person 7/11/2011 at 7:55 AM)
7. Jim Field of Urban Forestry-in person with MR. MYRICK- who implied need for Direct Dig. (At time of dig exposure, MR. FISH AND MR. SALTZMAN ARE WELCOME TO VISIT SITE)

I am concerned about the safety of the Arborist who needs to do the Direct Dig because on three sides of me I have what appears to be meth dealing done fairly openly. At 4503 NE 27th, it appears much activity is done out of garage. I can not even sit in my yard with my Service Dog Dylan without getting sick because the Columbia Gorge wind blows West moving smell of lye (with ephedrine) to gag me and burn my throat. The other house 4512 NE 26th partners with them; some of the tenants at 2535, 2533, and 2527 NE Prescott also partner with 4503 NE 27th. One of the associates of 4503 NE 27th drives delivery and lives at 2707 NE Prescott rental (four rentals, and he is in one). They and other associates follow me with their cell phones, so I am not able to have a relaxing walk with my Service Dog. They have tried to poison my Service Dog twice.

For years I have gone to the police and have asked for surveillance who informed me it was no longer available, and that I was incompetent. I do not have the equipment to directly view activities. Police expect me to take picture, but I have blind spots on corner lot and no cable installed. One neighbor left the area few months ago seeing so many drug transactions with meth and whatever. I have spoken to Drugs and Vice several times, somehow I am just overlooked. Now my house lock just broke after they pulled off my garage lock, broke my City walk, and took out my South Prescott curb to flood sewer system all for me simply trying to speak up. Will you please close these operations down?

I have an excellent way to help keep our Federal Funding for our Public Schools, and another for Job Creation for our community to make good money, but I need your help first getting rid of these intrusive trees and bushes and stop the drug dealing hub.

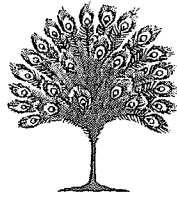

Thank you for your time, Barbara Boose

BB

* twice Mr. Myrick was on my property: Once with my contractor and once with Jim Field.

Oct. 24, 2011

RE: GRANT PROPOSAL:

Will you please coordinate doing a dig at once at request (this last 2011 summer) of Jim Field of Urban Forestry (with Housing Inspector Charles Myrick Neighborhood Inspections of Bureau of Development Services - to expose invasive root systems deteriorating my foundations of my garage and my house from 4512 NE 26th) along my North property line around 100 feet from alley to sidewalk as soon as possible? I have Certified Arborist Report by Mr. John Buttrell in agreement with Mr. Myrick who viewed entire site with my contractor. (Director Mike Abbate speaks of more cuts.)

I spoke to City Council in August and September of 2011 regarding this issue. I need to prove the Exception to the Rule to show how the roots are endangering my foundations. Mr. Richard Pugh (my neighbor) at the Oct. 20, 2011 Urban Forestry Commission meeting at City Hall has been on my property and agrees that the eight trees and bushes are a mess. We need to prove the City agrees with me.

Now, I am a disabled Senior Citizen on fixed income (single woman aged 65 years old this week). My income is limited; and I have already paid for two separate Certified Arborist Reports: John Buttrell's Report (\$50.00) is accurate because he identifies and enumerates the trees and bushes to prevent confusion in agreement with Charles Myrick and my contractor who met with him and me; the other report cost me prepaid \$200 (my itemizing on check) check and is not accurate itemizing report.

I would appreciate you and Mr. Pugh with my Attorney Mr. Carl Neil and Commissioner Nick Fish working on the project together to make sure the follow-up dig provides evidence. I guess 8 people could do it in an hour and Mr. Pugh may have contacts. We need to take photographs, in addition to mine. I WILL GLADLY ATTEND A DIG CLASS THIS WEEK IF YOU WISH. I INTEND TO DONATE MY HOME UPON MY DEMISE FOR THE BENEFIT OF THE NEIGHBORHOOD AND AM WORKING TO DEVELOP NON-PROFIT TO HELP OREGON PUBLIC SCHOOLS IN LITERACY, MATH, ART, AND SCIENCE.
