**Subject:** FW: Communications at City Council April 3**From:** anne eng [mailto:redbudthree@yahoo.com]**Sent:** Wednesday, March 20, 2013 4:54 PM**To:** Parsons, Susan**Subject:** Re: Communications at City Council April 3

Sorry ro get back so late. What I would like to say is: "The connection of prostate cancer and breast cancer with fluoridation's interference with iodine: one-in-three men are expected to have prostate cancer; one-in-seven women risk breast cancer. Iodine can help decrease these odds if not interfered with by fluoridation "

**From:** Parsons, Susan**Sent:** Friday, March 08, 2013 8:28 AM**To:** 'redbudthree@yahoo.com'**Subject:** Communications at City Council April 3

Hello Ann,

Please return this email to confirm your request for Communications and our phone conversation today. I have you penciled in for April 3rd at 9:30 a.m. to speak on the fluoride issue. Feel free to provide a sentence or two explanation with your request if you like.

Here is further information for you on the Communications portion of the agenda:

- You will have three minutes to address the Council and may also submit written material (please provide seven copies).
- We start the meeting at 9:30 and Communications are the first item on the agenda.
- Please note communications allow the Council to hear issues that interest our citizens, but do not allow an opportunity for dialogue.
- The Council meeting takes place at City Hall, 1221 SW 4th Ave., 2nd Floor, Council Chambers.

Regards,

Susan Parsons

Assistant Council Clerk  
City of Portland
