IMPACT STATEMENT

Legislation title: Authorize an Intergovernmental Agreement with the Port of Portland to allow the City of Portland Bureau of Transportation to administer the design, right-of-way and construction for the NE Columbia Blvd: Cully Blvd. & Alderwood Rd. project. (Ordinance)

Contact name: Winston Sandino, PBOT Project Manager

Contact phone: 503-823-5767

Presenter name: Winston Sandino, PBOT Project Manager

Purpose of proposed legislation and background information:

This IGA will authorize an Intergovernmental Agreement with the Port of Portland to allow the City of Portland Bureau of Transportation (PBOT) to administer the design, right-of-way and construction for the NE Columbia Blvd: Cully Blvd. & Alderwood Rd. project.

Financial and budgetary impacts:

The project has been awarded $4,538,856 in Multimodal Transportation Enhance Program (MTEP) to the Port of Portland. A separate IGA will be entered with the Oregon Department of Transportation to receive this grant. This IGA will not create new positions and its purpose is to authorize PBOT to administer the project for the Port.

Community impacts and community involvement:

This area within the project limits is 100% commercial mix or industrial and we have maintained a close communication with the adjacent business owners during the planning phase.

PBOT has communicated with the community and business owners during the pre-development and design phase.

PBOT will coordinate and meet with the Freight Committee to give updates on the project design and will continue to communicate during the construction phase closely with property owners as well.
