Subject: Unimproved street upgrades

Hi Karla

Cevero Gonzalez at pbot referred me to you regarding petitioning the city council to reconsider statues regarding paving of unimproved streets in residential areas of Portland.

The street by street program is a step in the right direction, but im told many streets will still fall through the cracks.

If you could assist me in the petition process, i would greatly appreciate it.

Thanks

Dave Ganslein

Ok,
Here goes,

In keeping with Portland's commitment to pedestrian and bicycle safety and protecting air quality from particulate pollution, I request that Portland city council revisit and revise all applicable statures to include all streets in the city of Portland as streets / public right of ways regardless of pavement surface or lack thereof, and adopt and implement the Street by Street program as soon as possible.
