

IMPACT STATEMENT

Legislation title: Authorize an Intergovernmental Agreement with Portland State University in the amount of \$83,482 for the Single Family Weight Study 2017-2019 to determine weight of garbage for ratemaking purposes (Ordinance)

Contact name: Arianne Sperry

Contact phone: 3-5664

Purpose of proposed legislation and background information:

Since 1992 the City has authorized IGAs with PSU to weigh residential garbage containers and compile data that allows the City to set rates for citywide franchised garbage hauling. This Ordinance authorizes the IGA and project for 2017-2019.

Financial and budgetary impacts:

This IGA is a continuation of work conducted by Portland State University to help set residential garbage rates. It does not change budgets or staffing. Sufficient funding resides in the Solid Waste Management Fund PNSD000006 for FY 2016-2017 and will be appropriated for completion of agreement.

Community impacts and community involvement:

This is a routine administrative process to authorize an agreement with PSU to conduct analysis that has been performed for years to support waste collection rate-setting. Public hearings at City Council will continue to occur for authorizations of intergovernmental agreements and rate-setting sessions.
