Purpose of proposed legislation and background information:

This ordinance accepts a grant from the Oregon Military Department Office of Emergency Management. The money will be used by PBEM and to pay staff salaries and benefits and half the rent for the City Emergency Coordination Center.

PBEM has applied for and received this grant every year since 2007. Most counties and large cities in Oregon receive emergency management funds through this grant.

This grant is essential to PBEM's basic operations.

Financial and budgetary impacts:

PBEM anticipated receiving EMPG funds this year.

This grant does not amend the budget or change anticipated expenditures.

Community impacts and community involvement:

This grant pays for some of PBEM's basic operating expenses. PBEM's work improves citywide preparedness and in this way indirectly benefits the entire community. However, the benefits of this grant are not focused on any specific group or neighborhood.

This grant was anticipated in PBEM's budget process and discussed at PBEM's public budget committee meetings.

No public concerns are anticipated.
