Re: Pearl East Hearing – LU 16-153002 HRM

At the February 27th, hearing for the Pearl East project (16-153002) John Hollister asked that the record be held open to allow time for new evidence to be presented to the commission. Staff collected responses over the next seven days. While no new evidence was introduced in the first 7 days, four new pieces of testimony came in. They are as follows;

- John Hollister - In opposition
- Patricia Gardner for Pearl District Neighborhood Association - In support
- Claire van den Boek - In opposition
- Joseph Dove - In opposition

You will find the testimony attached to this memo. Because no new evidence was produced in the allotted time, the staff report findings have not been altered. At the March 20 hearing staff will present the same findings to the commission

The applicant has opted to not provide any new information to the commission.
