MEMORANDUM TO COUNCIL

Declare intent to initiate local improvement district formation proceedings to construct street improvements from NW 9th Ave to north of NW 19th Ave in the NW Front Ave – Naito Pkwy Local Improvement District (Resolution; C-10056)

I. SUMMARY

Council approved this Resolution on January 25, 2017. There was Council discussion as to other streets that potentially could be added as major pavement rehabilitation projects. I mentioned in my testimony to Council that PBOT had considered two (2) or three (3) projects before using PBOT funding for NW Front Avenue and Naito Parkway with LID funding leverage.

II. FOLLOW-UP TO COUNCIL

Since the project development work began for the NW Front Avenue / Naito Parkway LID, Portland voters approved Fix Our Streets ("FOS") gas tax funding in the May 2016. This enabled the universe of projects to be expanded. An additional thirteen (13) "FOS" paving projects have been identified around the City, none of which are in Northwest Portland.

The LID makes it possible to add a paving rehabilitation project in Northwest Portland to provide geographic balance. This LID provides the necessary funding leverage to adequately budget for the pavement rehabilitation project. PBOT is able to do the other 13 projects with FOS funding and without LID funding.

Respectfully submitted,

Andrew H. Aebi

Andrew H. Aebi
Local Improvement District Administrator & Project Manager
