

IMPACT STATEMENT

Legislation title: *Amend contract with Oregon Department of Transportation for the NE Columbia Blvd at OR 99E/MLK Jr. Blvd. project. (Ordinance; amend contract #30005854)

Contact name: Winston Sandino, PBOT Project Manager

Contact phone: 503-823-5767

Presenter name: Winston Sandino, PBOT Project Manager

Purpose of proposed legislation and background information:

The westbound right turn movement at the intersection of NE Columbia Boulevard and NE MLK Jr. Boulevard moves a significant amount of freight traffic. The traffic demand for this right turn in particular is the highest of the right turns at this intersection. Congestion and other geometry issues create barriers to freight mobility.

The NE Columbia Boulevard at OR 99E/MLK Jr. Blvd project will construct a dedicated westbound right turn lane on NE Columbia Blvd. at the intersection of NE MLK Jr. Blvd. and NE Columbia Blvd. A 12-foot City standard sidewalk adjacent to the proposed right turn lane and a new traffic signal will also be constructed.

Financial and budgetary impacts:

The project has completed design and it is ready to go out to bid. We have received funding for design, ROW and construction in a previous IGA (Ordinance No. 184849) and has been allocated for FY 16-17. This IGA will not create new positions.

Community impacts and community involvement:

This area within the project limits is mostly commercial, industrial or vacant land and we have maintained a close communication with the adjacent business owners.

PBOT has communicated with the community and business owners during the pre-development and design phase.

PBOT has also coordinated and met several times with the Freight committee to give updates on the project design and will continue work communicate during the construction phase closely with property owners as well.
