

SW Meade Street Permitting

City Council Agenda Item 640

SW Bond Ave Extension 9/28/16

SW Meade St. and SW Bond Ave Extension

Current Work in South Waterfront

- April/May: **OHSU Site Remediation for SW Bond Ave**
- Summer: **PBOT CIP constructs SW Bond Ave surcharge**
- June/July: **OHSU Site Remediation for SW Meade St.** (via amendment to current BDS-issued Site Remediation)
- July/August: **OHSU Retaining Wall and Surcharge of SW Meade St.** (“Interim Meade” via Public Works Permit)

Permitting Ordinance

- Allows contractor to mobilize readily onto SW Meade remediation work
- Allows construction of SW Meade roadway fill and retaining walls (*Interim Roadway*) under City Engineer Permit
- Waives greenway and design review for interim public street improvement as the street has gone through a street plan process and abundance of regulatory review
- Zoning code regulations and any required land use reviews still required for work on private property site and final public street design.
