

DRAFT PHAC Work Plan

After a successful first year of orientation and getting to know each other, PHAC is poised to become even more effective in the coming year. In the next year, PHAC will strive to take more ownership of meeting agendas with the goal of balancing information sharing with generative discussions that inform PHB’s work. PHAC will work to convene stakeholders to bring in diverse perspectives, and PHB staff will work to make meeting locations and times more conducive to public engagement.
