

FIRE PREVENTION, SUPPRESSION AND EMERGENCY RESPONSE AGREEMENT

This Agreement is to be effective on July 1, 2017 between the City of Portland, a municipal corporation of the State of Oregon (City), and Burlington Water District, a corporation organized under ORS Chapter 264 (Burlington) PO Box 270, St Helens OR 97051.

WITNESSETH:

RECITAL: Burlington has requested that the City provide it fire prevention, suppression and emergency medical response services set forth below and the City is willing to provide such services on the terms set forth below.

IN CONSIDERATION OF THE MUTUAL PROMISES OF THE PARTIES, IT IS AGREED:

1. The City shall:
 - A. Provide fire prevention, suppression and emergency response services at Burlington's property described in Exhibit B, attached and incorporated herein.
 - (1) Such service shall be subject to the City's prior right to use all of its emergency response personnel and equipment to respond to emergencies within the City's corporate limits. Such service shall also be subject to the reasonable availability of the City's emergency response and fire fighting personnel and equipment.
 - (2) In providing service under this Agreement, the City shall not be required to subject its personnel or equipment to hazards from action or threatened action of third parties.
 - (3) The services provided by the City under this Agreement shall include those of the Chief of Portland Fire & Rescue (PF&R), the Battalion Chief, or other commanding officer who shall answer the alarm of fire or other emergency on Burlington's property.
 - (4) The commanding officer of PF&R or any unit thereof, shall, from information received as to the amount and type of equipment needed to suppress a fire or respond to an emergency at Burlington's property, exercise judgement as to the amount and type of equipment which may be spared from use by PF&R and which may be dispatched to the call to Burlington's property.

- B. Have appropriate members of PF&R visit Burlington's property to familiarize themselves with the public streets in the district, the location of fire hydrants and to obtain other information necessary to enable the City to perform this Agreement.
 - C. Provide fire prevention, consultation and inspection services for Burlington's property. Oregon Revised Statutes and the regulations of the Oregon State Fire Marshal shall be the criteria for fire prevention services performed.
2. Burlington shall:
- A. For the services to be provided by the City, pay the City \$120,546 in two equal installments of \$60,273 each, the first installment to be paid on or before January 1, 2018, and the final installment to be paid on or before June 1, 2018.
 - B. Provide all water service, supply and pressure, and all fire hydrants with suitable connections, for the use of the City's equipment in performing this Agreement.
 - C. Burlington shall hold harmless, defend, and indemnify the City and the City's officers, agents, and employees against all claims, demands, actions, and suits (including all attorney fees and costs) brought against any of them arising from any decision by the City or its officers, agents, or employees to dispatch or not dispatch City fire equipment or emergency personnel to calls to Burlington's property.
3. Signature - This agreement and any subsequent amendments may be signed in two (2) or more counterparts, each of which shall be deemed an original, and which, when taken together, shall constitute one and the same contract amendment.
4. Electronic Signature - The parties agree the City and Burlington may conduct this transaction by electronic means, including the use of electronic signatures.
5. The term of this Agreement shall commence on July 1, 2017 and continue through June 30, 2018.
