Subject: Downzones in Refinement - Clarification

9-21-17

To: Planning and Sustainability Commission
Re: Map Refinement Project

Chair Schultz and Commissioners:

I want to reiterate, in case my last communication was not clear, that for the parcels in the Halsey to Broadway, 42nd to 46th vicinity:

I urge you to either keep the highest capacity zoning possible on all parcels west of 45th, so that would be either RX, or CM-3, or as a last resort, RH. For the portion East of 45th, I urge you to keep the RH zoning there.

Thank you.

Doug Klotz
