 BY __

Dear Mr. Gibson:

We are returning to you the protests against the settlement of negroes in the Albina district, as they have now served our purpose.

Yours very truly,

C. M. Gartrell

281

To The Honorable Mayor and City Commissioners:

We, the undersigned members of The Central East Portland Community Club and citizens of The North and North-East Area of the City of Portland, do hereby protest the projected plan to settle a negro colony in the district known as Albina, and its surrounding territory, for the following reasons:

1. There are now other vacant localities open for such a project.
2. It is not possible, for reasons of moral and physical safety, and the preservation of public decorum, to make a success of such a project.
3. To settle negroes in an established residential community is to devalue property, and to make such property undesirable for further residence by its present owners, thus depriving them of their homes.
4. To pre-empt the present Community Club House, and park properties for negro use is to wrongfully destroy the purpose of the late Mike Lillis and all those who worked with him for the past twenty years, and to rob the children of the neighborhood of the benefit of their labors.
5. Furthermore we petition that any and all dwellings erected in the vicinity be allocated only to white workers.

Therefore we respectfully petition your honorable body to take all necessary measures to end this threat to the peace and security of this community.

To The Honorable Mayor and City Commissioners:

We, the undersigned members of The Central East Portland Community Club and citizens of The North and North-East Area of the City of Portland, do hereby protest the projected plan to settle a negro colony in the district known as Albina, and its surrounding territory, for the following reasons:

1. There are now other vacant localities open for such a project.
2. It is not possible, for reasons of moral and physical safety, and the preservation of public decorum, to make a success of such a project.
3. To settle negroes in an established residential community is to devalue property, and to make such property undesirable for further residence by its present owners, thus depriving them of their homes.
4. To pre-empt the present Community Club House, and park properties for negro use is to wrongfully destroy the purpose of the late Mike Lillis and all those who worked with him for the past twenty years, and to rob the children of the neighborhood of the benefit of their labors.
5. Furthermore we petition that any and all dwellings erected in the vicinity be allocated only to white workers.

Therefore we respectfully petition your honorable body to take all necessary measures to end this threat to the peace and security of this community.

To The Honorable Mayor and City Commissioners:

We, the undersigned members of The Central East Portland Community Club and citizens of The North and North-East Area of the City of Portland, do hereby protest the projected plan to settle a negro colony in the district known as Albina, and its surrounding territory, for the following reasons:

1. There are now other vacant localities open for such a project.
2. It is not possible, for reasons of moral and physical safety, and the preservation of public decorum, to make a success of such a project.
3. To settle negroes in an established residential community is to devalue property, and to make such property undesirable for further residence by its present owners, thus depriving them of their homes.
4. To pre-empt the present Community Club House, and park properties for negro use is to wrongfully destroy the purpose of the late Mike Lillis and all those who worked with him for the past twenty years, and to rob the children of the neighborhood of the benefit of their labors.
5. Furthermore we petition that any and all dwellings erected in the vicinity be allocated only to white workers.

Therefore we respectfully petition your honorable body to take all necessary measures to end this threat to the peace and security of this community.

<u> </u>	<u> </u>
<u> </u>	<u> </u>

To The Honorable Mayor and City Commissioners:

We, the undersigned members of The Central East Portland Community Club and citizens of The North and North-East Area of the City of Portland, do hereby protest the projected plan to settle a negro colony in the district known as Albina, and its surrounding territory, for the following reasons:

1. There are now other vacant localities open for such a project.
2. It is not possible, for reasons of moral and physical safety, and the preservation of public decorum, to make a success of such a project.
3. To settle negroes in an established residential community is to devalue property, and to make such property undesirable for further residence by its present owners, thus depriving them of their homes.
4. To pre-empt the present Community Club House, and park properties for negro use is to wrongfully destroy the purpose of the late Mike Lillis and all those who worked with him for the past twenty years, and to rob the children of the neighborhood of the benefit of their labors.
5. Furthermore we petition that any and all dwellings erected in the vicinity be allocated only to white workers.

Therefore we respectfully petition your honorable body to take all necessary measures to end this threat to the peace and security of this community.

To The Honorable Mayor and City Commissioners:

We, the undersigned members of The Central East Portland Community Club and citizens of The North and North-East Area of the City of Portland, do hereby protest the projected plan to settle a negro colony in the district known as Albina, and its surrounding territory, for the following reasons:

1. There are now other vacant localities open for such a project.
2. It is not possible, for reasons of moral and physical safety, and the preservation of public decorum, to make a success of such a project.
3. To settle negroes in an established residential community is to devalue property, and to make such property undesirable for further residence by its present owners, thus depriving them of their homes.
4. To pre-empt the present Community Club House, and park properties for negro use is to wrongfully destroy the purpose of the late Mike Lillis and all those who worked with him for the past twenty years, and to rob the children of the neighborhood of the benefit of their labors.
5. Furthermore we petition that any and all dwellings erected in the vicinity be allocated only to white workers.

Therefore we respectfully petition your honorable body to take all necessary measures to end this threat to the peace and security of this community.

2. It is not possible, for reasons of moral and physical safety, and the preservation of public decorum, to make a success of such a project.
3. To settle negroes in an established residential community is to devalue property, and to make such property undesirable for further residence by its present owners, thus depriving them of their homes.
4. To pre-empt the present Community Club House, and park properties for negro use is to wrongfully destroy the purpose of the late Mike Lillis and all those who worked with him for the past twenty years, and to rob the children of the neighborhood of the benefit of their labors.
5. Furthermore we petition that any and all dwellings erected in the vicinity be allocated only to white workers.

Therefore we respectfully petition your honorable body to take all necessary measures to end this threat to the peace and security of this community.

WILL E. GIBSON, AUDITOR
CITY OF PORTLAND, ORE.
BY ___

To The Honorable Mayor and City Commissioners:

We, the undersigned members of The Central East Portland Community Club and citizens of The North and North-East Area of the City of Portland, do hereby protest the projected plan to settle a negro colony in the district known as Albina, and its surrounding territory, for the following reasons:

1. There are now other vacant localities open for such a project.
2. It is not possible, for reasons of moral and physical safety, and the preservation of public decorum, to make a success of such a project.
3. To settle negroes in an established residential community is to devalue property, and to make such property undesirable for further residence by its present owners, thus depriving them of their homes.
4. To pre-empt the present Community Club House, and park properties for negro use is to wrongfully destroy the purpose of the late Mike Lillis and all those who worked with him for the past twenty years, and to rob the children of the neighborhood of the benefit of their labors.
5. Furthermore we petition that any and all dwellings erected in the vicinity be allocated only to white workers.

Therefore we respectfully petition your honorable body to take all necessary measures to end this threat to the peace and security of this community.

3573 N.E. Clatsop

6842 S.E. Carlton

To The Honorable Mayor and City Commissioners:

We, the undersigned members of The Central East Portland Community Club and citizens of The North and North-East Area of the City of Portland, do hereby protest the projected plan to settle a negro colony in the district known as Albina, and its surrounding territory, for the following reasons:

- 1. There are now other vacant localities open for such a project.
- 2. It is not possible, for reasons of moral and physical safety, and the preservation of public decorum, to make a success of such a project.
- 3. To settle negroes in an established residential community is to devalue property, and to make such property undesirable for further residence by its present owners, thus depriving them of their homes.
- 4. To pre-empt the present Community Club House, and park properties for negro use is to wrongfully destroy the purpose of the late Mike Lillis and all those who worked with him for the past twenty years, and to rob the children of the neighborhood of the benefit of their labors.
- 5. Furthermore we petition that any and all dwellings erected in the vicinity be allocated only to white workers.

Therefore we respectfully petition your honorable body to take all necessary measures to end this threat to the peace and security of this community.

Ed. H. White 2219 N Willamette ave

To The Honorable Mayor and City Commissioners:

To The Honorable Mayor and City Commissioners:

We, the undersigned members of The Central East Portland Community Club and citizens of The North and North-East Area of the City of Portland, do hereby protest the projected plan to settle a negro colony in the district known as Albina, and its surrounding territory, for the following reasons:

1. There are now other vacant localities open for such a project.
2. It is not possible, for reasons of moral and physical safety, and the preservation of public decorum, to make a success of such a project.
3. To settle negroes in an established residential community is to devalue property, and to make such property undesirable for further residence by its present owners, thus depriving them of their homes.
4. To pre-empt the present Community Club House, and park properties for negro use is to wrongfully destroy the purpose of the late Mike Lillis and all those who worked with him for the past twenty years, and to rob the children of the neighborhood of the benefit of their labors.
5. Furthermore we petition that any and all dwellings erected in the vicinity be allocated only to white workers.

Therefore we respectfully petition your honorable body to take all necessary measures to end this threat to the peace and security of this community.

To The Honorable Mayor and City Commissioners:

We, the undersigned members of The Central East Portland Community Club and citizens of The North and North-East Area of the City of Portland, do hereby protest the projected plan to settle a negro colony in the district known as Albina, and its surrounding territory, for the following reasons:

1. There are now other vacant localities open for such a project.
2. It is not possible, for reasons of moral and physical safety, and the preservation of public decorum, to make a success of such a project.
3. To settle negroes in an established residential community is to devalue property, and to make such property undesirable for further residence by its present owners, thus depriving them of their homes.
4. To pre-empt the present Community Club House, and park properties for negro use is to wrongfully destroy the purpose of the late Mike Lillis and all those who worked with him for the past twenty years, and to rob the children of the neighborhood of the benefit of their labors.
5. Furthermore we petition that any and all dwellings erected in the vicinity be allocated only to white workers.

Therefore we respectfully petition your honorable body to take all necessary measures to end this threat to the peace and security of this community.

J. H. Herring	33 N. Fargo

To The Honorable Mayor and City Commissioners:

We, the undersigned members of The Central East Portland Community Club and citizens of The North and North-East Area of the City of Portland, do hereby protest the projected plan to settle a negro colony in the district known as Albina, and its surrounding territory, for the following reasons:

1. There are now other vacant localities open for such a project.
2. It is not possible, for reasons of moral and physical safety, and the preservation of public decorum, to make a success of such a project.
3. To settle negroes in an established residential community is to devalue property, and to make such property undesirable for further residence by its present owners, thus depriving them of their homes.
4. To pre-empt the present Community Club House, and park properties for negro use is to wrongfully destroy the purpose of the late Mike Lillis and all those who worked with him for the past twenty years, and to rob the children of the neighborhood of the benefit of their labors.
5. Furthermore we petition that any and all dwellings erected in the vicinity be allocated only to white workers.

Therefore we respectfully petition your honorable body to take all necessary measures to end this threat to the peace and security of this community.

To The Honorable Mayor and City Commissioners:

We, the undersigned members of The Central East Portland Community Club and citizens of The North and North-East Area of the City of Portland, do hereby protest the projected plan to settle a negro colony in the district known as Albina, and its surrounding territory, for the following reasons:

1. There are now other vacant localities open for such a project.
2. It is not possible, for reasons of moral and physical safety, and the preservation of public decorum, to make a success of such a project.
3. To settle negroes in an established residential community is to devalue property, and to make such property undesirable for further residence by its present owners, thus depriving them of their homes.
4. To pre-empt the present Community Club House, and park properties for negro use is to wrongfully destroy the purpose of the late Mike Lillis and all those who worked with him for the past twenty years, and to rob the children of the neighborhood of the benefit of their labors.
5. Furthermore we petition that any and all dwellings erected in the vicinity be allocated only to white workers.

Therefore we respectfully petition your honorable body to take all necessary measures to end this threat to the peace and security of this community.

Mrs. Eppie McNece	4235-N-Kerby Ave

To The Honorable Mayor and City Commissioners:

We, the undersigned members of The Central East Portland Community Club and citizens of The North and North-East Area of the City of Portland, do hereby protest the projected plan to settle a negro colony in the district known as Albina, and its surrounding territory, for the following reasons:

- 1. There are now other vacant localities open for such a project.
- 2. It is not possible, for reasons of moral and physical safety, and the preservation of public decorum, to make a success of such a project.
- 3. To settle negroes in an established residential community is to devalue property, and to make such property undesirable for further residence by its present owners, thus depriving them of their homes.
- 4. To pre-empt the present Community Club House, and park properties for negro use is to wrongfully destroy the purpose of the late Mike Lillis and all those who worked with him for the past twenty years, and to rob the children of the neighborhood of the benefit of their labors.
- 5. Furthermore we petition that any and all dwellings erected in the vicinity be allocated only to white workers.

Therefore we respectfully petition your honorable body to take all necessary measures to end this threat to the peace and security of this community.

CITY HALL PORTLAND ORE

I AS PROPERTY OWNER INCLUDING TWO HOUSES IN ALAMEDA DISTRICT AND APARTMENT HOUSE ON HANCOCK ST ETC PROTEST PLANS TO SETTLE NEGRO COLONY IN ALBINA DISTRICT TENANTS THREATEN EVACUATION IF THIS TAKES PLACE

DR VERNON J BROWN..

853P..

The Honorable Mayor and City Council

City of Portland, Oregon

We, the undersigned members and representatives of the Amici Club, do hereby petition you to exert every means to prohibit the importation of negro workers.

Furthermore, we ask you to prevent the housing of negroes in the Albina or North Side district. There are housing projects north of our city which if suitable for white workers should be suitable for the colored workers who may now or in the future demand housing.
