**Subject:** January 31st City Council request for testimony

On behalf of the Central Eastside Industrial District, the ownership of Fire Station No. 7 and Bremik Construction, I would like to request a time to testify about the dramatic increase in crime and vandalism in the Buckman neighborhood. As a business and building owner, I have witnessed the degradation and blight of our neighborhood over the past few years and would like to advise the council on the negative effects it is having on our business, the Buckman neighborhood and the Central Eastside. By enforcing the basic laws with a firm hand, we can dramatically improve the environment and public safety in the neighborhood.

Best,  
Brent
