VENTURE PORTLAND MEANS BUSINESS

The business of Portland is about more than business. It's about people, neighborhoods and culture. It's about finding the right space. Raising capital. Creating jobs. And being flexible. It's about passion. And dedication. And starting something because you believe your idea is THE IDEA.

It's about a vision for our city. One that business owners, residents and government officials share. A vision that celebrates the individualism and distinct flavor that makes Portland Portland. The knowledge that our diverse neighborhoods and unique views make up the very fabric that binds our city together.

The business of Portland is about a lot more than just business. It's about growing business and connecting neighborhoods to make more out of the neighborhood business districts we call home.
