**To:** Council Clerk – Testimony  
**Subject:** Kevin Fitts Testimony Request Feb 21st?

My name is Kevin Fitts I'm with the Oregon mental health consumer Association I would like to talk about the city of Portland relationship with the public benefit Corporation home forward the oversight the city of Portland has with this public housing authority and the connection they have to their appointed governing board members and review of this public housing authorities administrative plan. We are particularly interested in the city's position around the provision of public policy stipends for disabled individuals and the Judgment of these public housing authorities of where these stipends will be ruled as excluded or included income in their rent and benefits determination. Our goal is to ask the city for leadership on this issue to support the decision of this public housing authority to rule these public policy stipend provisions as definitively excluded income for benefit calculation and determination. Thank you Kevin Fitts Oregon mental health consumers Association. And a member of the coordinating Council of the joint office of homeless Services of Multnomah County and city of Portland referred to as a home for everyone
