

## IMPACT STATEMENT

**Legislation title:** Authorize a sole contract with Go Lloyd to fund transportation projects and programs in the Lloyd District (Ordinance)

**Contact name:** Lynda Viray

**Contact phone:** 503-823-4303

**Presenter name:** Lynda Viray

**Purpose of proposed legislation and background information:** The City of Portland Bureau of Transportation, Parking Operations Division is responsible for managing the public on-street parking system in the Lloyd District. The Lloyd District has adopted the Lloyd District On-Street Parking Management Plan (1997), and the City of Portland's Parking Meter District Policy (1996). These adopted documents called for the installation of parking meters in the Lloyd District and the allocation of the majority of net meter revenue to transportation projects in this district.

In 1997, the City of Portland installed on-street parking meters in Lloyd District. Meters were installed to reduce commuter parking in the District, to increase customer turnover for businesses and to encourage commuters to use alternative modes of travel, such as transit, bicycling and walking to work. In 1998, the Lloyd District Meter Revenue Allocation Committee (MRAC) was formed to prioritize how the district's share of revenue should be spent. Net meter revenue generated in the Lloyd District has been spent in or awarded to the district each year to support the projects identified by Go Lloyd. The Lloyd MRAC's top priority has been to use their portion of net meter revenues each year to support Go Lloyd's outreach and educational efforts and capital transportation projects.

Go Lloyd has continually submitted annual work plans to the City of Portland for approval and the listed projects are funded using net meter revenue.

Primary goals Go Lloyd shares with the City of Portland are:

- Decrease demand on the regional transportation system by facilitating non-drive-alone transportation options.
- Increase awareness of transportation options available to, from and within the Go Lloyd service area.
- Create options and strategies that improve non-SOV access for employees, residents, customers, visitors, and event goers in Lloyd.

Other goals that are supportive of City of Portland and Go Lloyd priorities:

- Increase Lloyd area mobility and livability
- Strengthen the links between housing, employment, economic development and transportation, particularly in Lloyd
- Support job and housing growth targets for Lloyd

- Increase business and employee stability
- Decrease off-street parking demand and thus future costs of such for new and on-going development

The actual FY 16-17 annual net meter revenue generated in the Lloyd District is \$418,879 and the projected FY 17-18 annual net meter revenue in the Lloyd District is a similar amount. The City has contracted directly with Go Lloyd to deliver the services prioritized by the Lloyd Meter Revenue Allocation Committee (MRAC). In July 2011, Council approved contract #300021217, between Go Lloyd and the City of Portland allowed for allocation of net meter revenues from the City of Portland to Go Lloyd; that contract expires July 1, 2018. The sole source request is to re-establish a contract with Go Lloyd.

**Financial and budgetary impacts:** The development of this program is included in next fiscal year budget and will extend to fiscal year FY23/24.

**Community impacts and community involvement:** The development of the transportation projects will involve the active participation and input from Go Lloyd, the Lloyd Meter Revenue Allocation Committee (MRAC), the City of Portland and the greater public through outreach conducted by Go Lloyd.

Nothing in this paragraph requires the Consultant or its insurer to indemnify the City for claims of personal injury or property damage caused by the negligence of the City. This duty shall survive the expiration or termination of this Contract.

**9. Insurance**

Consultant shall obtain and maintain in full force at Consultant expense, throughout the duration of the Contract and any warranty or extension periods, the required insurance identified below. The City reserves the right to require additional insurance coverage as required by statutory or legal changes to the maximum liability that may be imposed on Oregon cities during the term of the Contract.

Required and attached //  Waived by Bureau Director or designee //  Reduce by Bureau Director or designee

**Continuous Coverage; Notice of Cancellation:** The Consultant agrees to maintain continuous, uninterrupted coverage for the duration of the Contract. If the insurance is canceled or terminated prior to completion of the Contract, Consultant shall immediately notify the City and provide a new policy with the same terms. Any failure to comply with this clause shall constitute a material breach of Contract and shall be grounds for immediate termination of this Contract.

Contact the PTE Contract Compliance Specialist for submission guidelines.

**COMPENSATION**

The maximum that the Consultant can be paid on this Contract is \$ 2,500,000 (hereafter the “not to exceed” amount.). The “not to exceed” amount includes all payments to be made pursuant to this Contract, including reimbursable expenses, if any. Nothing in this Contract requires the City to pay for work that does not meet the Standard of Care or other requirements of the Contract. The actual amount to be paid Consultant may be less than that amount.

The Consultant is entitled to receive progress payments for its work pursuant to the Contract as provided in more detail below. The City will pay Consultant based on these invoices for acceptable work performed and approved until the “not to exceed” amount is reached. Thereafter, Consultant must complete work based on the Contract without additional compensation unless there is a change to the scope of work.

Any estimate of the hours necessary to perform the work is not binding on the City. The Consultant remains responsible if the estimate proves to be incorrect. Exceeding the number of estimated hours of work does not impose any liability on the City for additional payment.

If work is completed before the “not to exceed” amount is reached, the Consultant’s compensation will be based on the Consultant’s bills previously submitted for acceptable work performed and approved.

**PAYMENT TERMS: Net 30 Days**

**Hourly Rates**

The billing rates shall not exceed those set forth below:

NAME	ROLE ON PROJECT	HOURLY RATE
TBD		

**Adjustment of Labor Rates Due to Inflation**

Annual adjustment of hourly rates will be considered upon written request from the Consultant. Approval of a request for rate increases is solely within the City’s discretion and under no circumstances is the City obligated to approve such a request.

Rate increases are subject to the following limitations:

- No increases will be granted before the one-year anniversary of the Contract;
- No more than one increase shall be granted per Contract year;
- Rate increases may not exceed the then-current average inflation rate for the Portland Metropolitan Area (as determined from the US Department of Labor statistics);
- Rate increases shall not be retroactive.

Other than the impact of inflation as described above, hourly rates may not be increased.

**Progress Payments**

On or before the 15<sup>th</sup> of each month, the Consultant shall submit to the City’s Project Manager an invoice for work performed by the Consultant during the preceding month. The invoice shall contain the City’s Contract Number and set out all items for payment including, but not limited to: the name of the individual, labor category, direct labor rate, hours worked during the period, and tasks performed. The Consultant shall also attach photocopies of claimed reimbursable expenses, if applicable. The Consultant shall stamp and approve all subconsultant invoices and note on the subconsultant invoice what they are approving as “billable” under the Contract. The billing from the prime should clearly roll up labor and reimbursable costs for the prime and subconsultants – matching the subconsultant invoices. Prior to initial billing, the Consultant shall develop a billing format for approval by the City.

The City shall pay all amounts to which no dispute exists within 30 calendar days of receipt of the invoice. Payment of any bill, however, does not preclude the City from later determining that an error in payment was made and from withholding the disputed sum from the next progress payment until the dispute is resolved.

The Consultant shall make full payment to its subconsultants within 10 business days following receipt of any payment made by the City to Consultant.

**ACH Payments**

It is the City's policy to pay its Consultant invoices via electronic funds transfers through the automated clearing house (ACH) network. To initiate payment of invoices, Consultant shall execute the City's standard ACH Vendor Payment Authorization Agreement.

Upon verification of the data provided, the Payment Authorization Agreement will authorize the City to deposit payment for services rendered directly into Consultant accounts with financial institutions. All payments shall be in United States currency.

TRN 3.102 states in part, "Revenues remaining after capital and operating costs are covered may be allocated to support transportation services within the meter district the majority of net revenues should go to supporting transportation and parking services and programs within the meter district ... Revenues remaining after capital and operating costs are covered may be allocated to support district transportation and parking services..."
3. In September 1997, the City of Portland installed on-street parking meters in Lloyd District pursuant to TRN 3.102. Meters were installed to reduce commuter parking in the District, to increase customer turnover for businesses and to encourage commuters to use alternative modes of travel, such as transit, bicycling and walking to work.
4. In accordance with TRN 3.102 *Parking Meter District Policy*, The Lloyd District Meter Revenue Allocation Committee (MRAC) was formed in 1998 to prioritize how the district's share of revenue should be spent. Since the committee was formed, net meter revenue generated in the Lloyd District has been spent in or awarded to the district each year to support the projects identified by the MRAC.
5. Consistent with TRN 3.103, *Lloyd On-Street Parking Management Plan*, the Lloyd MRAC's top priority has been to use their portion of net meter revenues each year to support Go Lloyd and their work with employers in the Lloyd District to encourage the use of transportation alternatives to the single occupant vehicle.
6. Historically, the City has contracted directly with Go Lloyd to deliver the services prioritized by the Lloyd MRAC. Since July 2011, contract #30002127, between Go Lloyd and the City of Portland and approved by Council allowed for the allocation of net meter revenues from the city to Go Lloyd; that contract expires July 1, 2018.
7. As there are now net meter revenues in excess of the \$375,000 allocated to Go Lloyd annually, the MRAC requested, and was granted permission by the Bureau of Transportation, to carry forward excess net meter revenues into future fiscal

years allowing the MRAC to recommend an expanded scope of work for Go Lloyd, if so desired.

8. This sole source contract is requested as an exception to the competitive selection process identified in PCC 5.68 and the Professional, Technical and Expert Services Contracting Manual. Waiving the requirements of the competitive bidding process per City Code 5.68 is appropriate because Go Lloyd is uniquely qualified to carry out the work prioritized by the Lloyd MRAC, approved by the Bureau of Transportation, for expenditure in the Lloyd District.
9. The scope of work as provided by Go Lloyd in updated project lists will change annually.
10. The Bureau's level of confidence in the cost estimates for this project is optimal.

NOW, THEREFORE, the Council directs:

- a. The City Council hereby authorizes this sole source contract as an exception to the competitive selection process pursuant to City Code 5.68 and the PTE Services Contracting Manual.
- b. PBOT shall work with Go Lloyd to maximize utilization of Oregon certified M/W/ESB firms for subcontracting opportunities.
- c. The Chief Procurement Officer is authorized to enter into a contract for five (5) years with Go Lloyd for services substantially similar to the contract attached hereto as Exhibit A.
- d. The Mayor and the Auditor are authorized to draw and deliver warrants chargeable to the Portland Bureau of Transportation when demand is presented and approved by the proper authorities.
