

IMPACT STATEMENT**Legislation title:**

*Authorize an agreement with ABB US Inc. for the purchase of streetcar auxiliary power supply and low voltage power supply equipment using a sole source procurement in an amount not to exceed \$1,325,000 (Ordinance)

Contact name: Kathryn Levine, Division Manager

Contact phone: 503-823-7085

Presenter name: Kathryn Levine, PBOT and Dan Bower, Executive Director, PSI.

Purpose of proposed legislation and background information:

The purpose of this Ordinance is to replace obsolete vehicle components, which can no longer be replaced or repaired. Tacoma Streetcar has already successfully worked through this very same replacement on their vehicles and Portland is able to realize the financial benefit of Tacoma's design engineering and installation procedures.

Financial and budgetary impacts:

No budget adjustment is necessary.

Community impacts and community involvement:

This capital maintenance and replacement of vehicle components does not necessitate any additional community involvement. Please note that Procurement has provided a notice of intent to award a sole source contract for these components and no protests have been received.

100% Renewable Goal:

Streetcar works with Danny Grady at the Bureau of Planning & Sustainability and annually purchases Renewable Energy Credits (RECs) for our electric power.
