Purpose of proposed legislation and background information:

The City/County Joint Office of Homeless Services (JOHS) applied to the HUD 2017 Continuum of Care (CoC) competition on behalf of the Portland/Multnomah/Gresham CoC and was awarded annual funding. The awarded amount includes one grant for HMIS administration and management in the amount of \$245,666, for which the City of Portland is the grantee. HUD has subsequently awarded this grant to the City of Portland. This ordinance authorizes the Mayor, or PHB Director as designated by the Mayor, to accept the grant and execute the grant agreement with HUD. See Exhibit A (attached), the HUD 2017 CoC HMIS signed grant agreement.

Financial and budgetary impacts:

PHB will receive \$245,666 in federal funds from HUD. The HMIS grant requires a cash match of \$61,417. All grant revenue and matching funds are included in the adopted FY17/18 PHB budget and proposed FY18/19 PHB budget.

Community impacts and community involvement:

As required by federal regulations, a Citizen Participation Plan (CPP) describing the overall framework for public involvement was developed and adopted with the 2016-2020 Consolidated Plan. A series of hearing and public meetings were held regarding the development of the Plan, in all areas of the city to ensure access to a broad range of community members. Translation services were provided when requested. All hearings locations were accessible to persons with disabilities. All documents were posted on the PHB website.

In addition to the CPP process, the Portland Housing Advisory Commission, the bureau's advisory body, and the Federal Funding Oversight Committee, a representative body of the three jurisdictions (Portland, Gresham, and Multnomah County), reviewed the Plan and its recommendations. Also, PHB conducted a series of public meetings and focus groups focused on the topic of prevention, housing and support services for people experiencing homelessness in the development of its Strategic Plan.

100% Renewable Goal Impacts:

This ordinance does not impact the City's 100% renewable goal.
