Presenter name: N/A

Purpose of proposed legislation and background information:

This legislation will be in the form of a fiscal year 2017-2018, cannabis tax allocation grant to POIC, in the amount of \$100,000. These funds will be used to support the expansion of their construction pre-apprenticeship program for communities of color and low-income young adults

Financial and budgetary impacts:

Funding for this grant is available in the FY2017-18 budget in the recreational marijuana tax fund.

Community impacts and community involvement:

City Code 6.07 imposes a tax upon recreational marijuana sales and establishes the framework for administration of the tax and specifies the allowable use of these resources. This legislation will fund POIC's expansion of their construction pre-apprenticeship program for communities of color and low-income young adults. POIC continues to work against the root causes of generations-long economic, judicial, academic, and social inequities. These stem from a lack of access to relevant and sufficiently individualized education, skill-building, and employment opportunities. POIC delivers programs and services through a trauma-informed, racial equity lens. This is the first step in addressing deeply-rooted barriers faced by Portland's low-income youth of color. POIC's Construction Pre-Apprenticeship Program increases the number of youth and young adults of color (particularly African American) in living-wage professional construction careers.

100% Renewable Goal:

This action does not increase or decrease the City's total energy use nor does it increase or decrease the City's renewable energy use.
