

8/8/2018

My name is Joseph Walsh, I represent Individuals For Justice and once again I come not to praise you, I come to petition you to do your job.

1. Your sweeps are killing people and must be stopped

2. ICE is a criminal organization and must be stopped, where is our governor, why did the mayor break his promise to stay out of the battle between a criminal organization and the people of Portland who had the courage to stand against them? Members of ICE should be arrested on sight by state officials and tried for kidnapping of children from the very arms of their parents, horrible-painful-terrible-inhuman-chaotic are just a few words we hear day in and day out by parents who came to claim asylum and were greeted by "THUGS."

Commission Eudaly, we thank you for going to the vigil and camp out in front of the ICE building and making your feelings known. We are not aware of any other brave action by this council. Letters, phone calls, statements are insufficient to fight against tyranny, we demand you lead us in the fight and not send in the cops to break up the very vigil you claim to support!

3. You must pull out of the Joint Terrorist Task Force. You cannot trust these feds.

4. You must say what you are willing to do to stop ICE from operating in Portland, no sugar words, real action. I am willing to go to jail, be beaten and be treated badly; what are you willing to do?

5. You must stop throwing out of your meetings people who are on the streets helping where they can and meet with them to work together and not get eaten by the feds. We must learn how to build bridges where we are very different. Stop talking to people who agree with you and debate people who you don't like. We come together or we perish separately.

Something we have asked you to do over the years, hold your weekly meeting but from time to time hold your meetings so that working people can come. Hold some meetings in different parts of the city, that would be good.

One of my favorite heroes Congressman John Lewis put it better than I, "Go into the streets and do/cause good trouble."
