

*Influenza*

Public Auditorium, Dec, 20, 1918.

Hon; Geo. L. Baker, Mayor, .

City of Portland.

Dear Sir:-

I herewith submit my report of the Emergency Hospital that was in this building from Oct 17th to Dec 18th 1918.

I have on file in this office an individual ledger sheet for each patient, showing their account, address Etz.

There will be a great many of these patients who are at this time unable to pay their accounts and doubtless some that will never pay.

During the two months and one day that the Hospital was open I put in 854 hours and as yet I have felt no bad effects, Dr. Parrish was on the job all the time and he deserves a great deal of credit for the manner in which he handled the situation.

The soldiers did splendid work, Miss Peterson, handled the nurse situation very nicely.

I am satisfied that every care and attention was given all patients that it was possible to give and that the Auditorium was the means of administering to many who could not of been cared for otherwise.

The building at this time is being thoroughly cleaned and disinfected and as soon as it is ready to open the public need not fear that they are taking any chances in coming to the Auditorium.

All the equipment that was bought is being stored and an invoice of the same will be submitted.

All furniture, linen Etz that was loaned us will be returned as soon as possible.

There are several articles of value that were found and have not been claimed also there are a few cases where it will be necessary to have an administrator, these I have taken up with the City Attorney's office.

Assuring you that I have had all the Hospital experience that I want,

I am,

Yours very truly,

*T. R. Ralcliffe*
