---

Mr. Aebi,

I understand that you have been in contact with community stakeholders since May 2005 to explore the possibility of street, sidewalk and stormwater infrastructure improvements to NE 46th Avenue north of NE Columbia Blvd. The Portland Bureau of Transportation, the Bureau of Environmental Services, and area stakeholders have all been engaged in a collaborative dialogue on how to best resolve transportation and stormwater-related problems in this area for over 13 years.

Therefore, I request that you initiate local improvement district formation proceedings to expedite the resolution of these issues.

I anticipate for the resolution to come before Council on November 7, 2018. Please contact me with any concerns.

Sincerely,

Commissioner Chloe Eudaly  
City of Portland, Oregon
