

Good morning My name is Joe Walsh and represent Individuals For Justice

STOP THESE FUC-KING SWEEPS

1/23/2019

MLK was put in jail for being a pain in the ass, he was then murdered. Cong. Lewis tells us to go into the streets and do "Good Trouble" I do good trouble. If you are saying that interrupting your gathering for a few minutes to fight for some issue is bad, we very much disagree. I spend most of my time trying to stop these ----- sweeps that murder houseless people on the streets. They take the very stuff the street angels just gave them days before. I am not going to list all the evils that the sweeps do, Commissioner Hardesty knows about them, so I ask the question "Are you saying that protesting in the council is worse than the sweeps? Protesting the last council meeting was over the right of a cop watcher to video the council meeting, of course they have a right to do that and that was my objection. The G4S security guy who covered the cop watcher's camera was wrong and the Presiding Official should have stopped it, he did not and that is when I got up and yelled to have his security stop and deescalate the situation. Are you saying we should not stand up against injustice because it is inconvenient? I am acutely aware that I have white privilege, because I am still alive and if I was a POC I think I would have been murdered years ago. We will continue fighting these forces who control this council and we want you to understand why we cause an uproar from time to time. I agree with Courtney and point out it is not just white men who disturb the peace of the council, we do have wonderful people who come and express their opinions. These outbursts are not happening in a vacuum, we have been fighting over 10 years for justice in this council, the big question for you is will you help us? The sweeps have to stop first. The sweeps will stop with this mayor or another, but they will stop!
