

License Committee,
Portland City Council,
City Hall,
City.

Gentlemen:

The annual license imposed by the city on lunch wagons as now fixed at \$100 a quarter, \$400 a year, this license is prohibitive & the lunch wagons that were operated during the Lewis and Clarke Exposition cannot now afford to pay such an enormous license fee, and respectfully petition your committee to reduce the said license so that the same will not be prohibitive, and your petitioner will be glad to meet your committee and furnish any information required relative to the number of wagons, etc., when your committee takes this matter up for consideration. Your petitioner respectfully calls your attention to this matter.

Yours respectfully,

L. T. Lewis

Portland,

April 4, 1906.
