

IMPACT STATEMENT

Legislation title: Accept \$2.2 million grant from ODOT and authorize an IGA for the Brentwood Darlington Safe Routes to School Project (Ordinance)

Contact name: Rich Newlands

Contact phone: x37780

Presenter name: Rich Newlands

Purpose of proposed legislation and background information:

- To accept a federal grant for design and construction of the Brentwood-Darlington Safe Routes to School project.

Financial and budgetary impacts:

- Project is currently in PBOT's FY 18-19 capital improvement program under project number T00719 and a place-holder grant number (TR000174).

Community impacts and community involvement:

- To date, the project has not yet had any public involvement. To aid in the refinement of the proposed scope of work there will be a pre-design engineering phase that will include public involvement.
- Given the nature of the proposed improvements, which includes primarily sidewalk infill and neighborhood greenway improvements, negative community impacts are not anticipated.
