Presenter name: Zalane Nunn Petersen

Purpose of proposed legislation and background information:

The purpose of this ordinance is to allow Parks to accept a donation of 385 SF of property next to Woodlawn Park that is already managed as part of the park. Acceptance of the property by the City will clarify ownership of this small portion of the park.

Financial and budgetary impacts:

There will be minimal financial impact to accepting this donation. As it is a donation, there is no purchase price for this acquisition. Parks will incur approximately \$4000 in due diligence and closing costs which will be paid for using Parks System Development Charge funds. As parks is already managing this property, there is no need for additional O&M funding.

Community impacts and community involvement:

Because this property is already used by the public as part of Woodlawn Park, there will be no impact to the community.

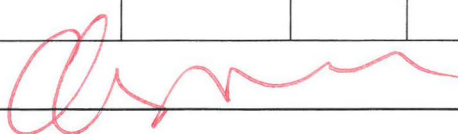

100% Renewable Goal:

N/A
