SUBJECT: Reporting Scrivener's Error in City Code 17.102

It has come to my attention that a scrivener's error has occurred in Portland City Code 17.102 in the definitions section.

About a year ago, BPS changed the definition of biodiesel blend in the admin rules. Instead of the sentence containing the term "maximum" score, it said "minimum" score. As a result, this mistake was passed onto the code 17.102.020 in through an amendment process in December.

The City Attorney's office has approved the following correction to Subsection 17.102.020 F. passed by Ordinance 189293 on December 12, 2018, effective January 11, 2019. Per Code Subsection 1.01.035 B. the Auditor has the authority to make corrections subject to City Attorney approval.

This is a request to amend the error to have the definition of biodiesel blend to replace the word minimum with the word maximum.

Administrative Rules are currently undergoing an amendment process, so they will be amended through this process, no action needed to update the rules at this time.
