Hi, Karla,

I'd like to address the council again at the earliest open date about the proposal to convert Eastmoreland Public Golf Course to affordable housing. I live 'next door' and very much approve this idea. I also will update the council on my efforts to get a citywide ban on wood-burning fireplaces.

Thank you!

Valerie Ilustre

I request to speak at the earliest opportunity before the Portland City Council on the issue of banning wood fires in the city limits. This is both a health and global warming issue. Most large cities in the U.S. ban wood smoke (burning wood in home fireplaces) because it is a health hazard to asthma sufferers, infants, children, people with respiratory illnesses and the elderly. This issue affects me personally and many people I know.
